Mijenko Tea Boxes

\$139; [Mijenko.melbourne, Amazon.com](https://www.amazon.com/dp/B07K1K1K1K)

Created by a mom and wife who couldn't find a beautiful quality tea storage box anywhere.....so she decided to design one. These tea boxes are crafted out of hardwood timber (Wattle) and Rose Gold/silver stainless steel, two materials that complement each other perfectly to give these designs a beautiful and sophisticated look. Tempered glass, removable stainless steel dividers, slow closing hinges to prevent slamming, extra large compartments to fit large tea bags. Can also be used as a jewelry box.
