

Because of the variance in screen sizes The Mustache Game contains 3 different sized mustaches to best match the size screen the game is played on. For rules that require more than one mustache simply use all three allowing for variation in how the mustache lines up on the screen.

#### **Basic Rules**

Select a favorite movie or show to watch. Select a mustache to place on the screen. Play the movie or show. When the mustache lines up with a character on the screen each player takes a drink. If the character on the screen already has a mustache each player must finish their drink.

#### **Women vs. Men**

Select a favorite movie or show to watch. Select a mustache to place on the screen. Play the movie or show. When the mustache lines up with a male character all the men drink. When the mustache lines up with a female character all the women drink.

#### **Barn Yard**

Select a favorite movie or show to watch that features animals. Select a mustache to place on the screen. Play the movie or show. When the mustache lines up with a character on the screen each player takes a drink. When the mustache on the screen lines up with an animal each player finishes their drink.

#### **Eyebrows**

Select a favorite movie or show to watch. Select a mustache to place on the screen. Play the movie or show. When the mustache lines up with a character on the screen each player takes a drink. If the mustache line up with a characters eyebrows each player finishes their drink.

#### **Stay Sober**

Select a favorite movie or show to watch. Each player selects a mustache from the game and places it on the screen. (more than one game may be required for larger groups) Play the movie or show. When a players mustache lines up with a character on the screen all the other players take a drink. When a players mustache lines up with a character that already has a mustache that player must finish their drink.
