ABOUT US

TIMELESS DESIGN

All our designs are intentionally timeless. They withstand trends and associate well with different styles, and they can be passed on from one home to the next, carrying over the stories of one lifetime into another. Our collections go back to the essence of what we believe is good design: pieces full of character, made from quality materials that age beautifully. We love that solid wood evolves with the years as it carries the marks of the life that happens to it.

THE BEAUTY OF SOLID WOOD

The beauty of natural materials lies in its peculiarities and imperfections. Variations in the wood grain and colour, knots, medullary rays and other natural characteristics are inherent. These are far from flaws, but an intricate part of its character. We believe that these imperfections contribute to the charm of our products.

CRAFTSMANSHIP

Outstanding craftsmanship is at the core of our brand, and behind the simplicity of our pieces lies a constant drive for innovation. Incorporating advanced techniques to our process of creation, each new design is revised and reworked to the last detail: every curve, texture and line reflects our design values.
