

WHISTLER LEATHER

The soft, rich feel of natural suede brings a level of distinction to any piece and room. Our 100% Whistler Leather crafted in New Zealand features variations in color, patterns, and markings. Artfully sanded, this unique suede features imperfections that may darken or lighten with use, highlighting the natural characteristics and authenticity of each individual hide.

Care for Your Whistler Leather Upholstery

To preserve the character of this distinct suede, follow these care essentials:

- > Buff regularly with a clean, dry cloth.
- > Do not use oils or leather cleaner. Avoid ammonia or other harsh cleaning products.
- > Address spills immediately by wiping with a damp, soft cloth.
- > Avoid direct contact between sharp objects and the leather.
- > For cleaning, call a leather professional.
