

A successful ICO – this is your intention

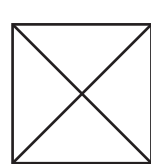

But the attention of investors is harder to get

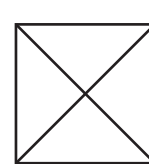

In 2018, 48% of token sales so far have gone to the top 10 ICOs. That figure was 33% in 2017.

What's the best assurance of ICO Success?

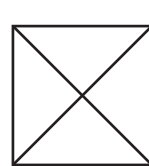

Partner with a winner

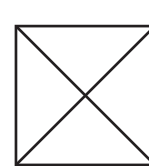

Record for fastest community building on Telegram to date. 30,000 people in 48 hours

115,000 signups on a client demo platform in first 3 weeks following launch

50,000 bounty hunters in two days

\$348million raised for our clients

We take on projects we believe in. Projects we can bring inspiration and vitality to – this is where success comes from.
