The Beauty Is
In The Details

What makes JumpOrange Family different

We cordially invite you to join us, and let our true value benefits you

We would like to thank our fantastic team of people who have supported us behind the scenes.

- **Get access to Professional Lifestyle Images and Videos of our products:**

Make the product sells itself. Spice up your customers' imagination by providing them the lifestyle photos of the products, not just the plain white background.

- **The True Effective Visible Warning Signs that actually do the job:**

With years of risk management, we put only the warning signs that actually work. Not just for liability purpose. With the right design at the right placement throughout the unit, it reduces the risk of injury.

- **Professional Product Operation Video and Manual booklet:**

We make each of your rental easy, safe and professional looking. Have your customer to scan our operation video QR code or website link to view the safety guide prior to operating the unit.

- **Huge Selection In Stock & Ready to Ship.**

- **Up to 3 years Warranty on full commercial grade inflatable play products.**

- **15+ years manufacturing experiences.**

- **Lighting Fast Shipping.***

- **Budget friendly price point.**

- **Prompt Warranty Service: Services and Repairs mostly done at local service facilities. Minimize the downtime to maximize your investment.**

*Refer to warranty and shipping terms and conditions for more detail.

GO BEYOND ORDINARY

EXPLORE POSSIBILITIES IN PLAY... IT'S ALL POSSIBLE AT JUMPORANGE.

The secret to our **exceptionally quality, durability, uniquely colored, innovative design** and **wallet friendly** inflatable products.

We select only the finest material, each piece is handcrafted to perfection by our 15 years+ experienced and knowledgeable master sewers. Without sacrificing quality, we are here to provide the best products and service at the affordable price. All design works are created by Jumporange in-house design team in California.

JumpOrange Inflatables:

Step by Step

At JumpOrange, state of art manufacturing is combined with experience and know-how.

Over years of business we've continued to grow and improve. Here our premium quality products from start to finish.

1.

DESIGNED BY JUMPORANGE IN CALIFORNIA

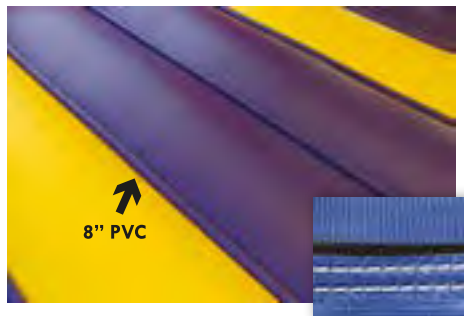

We strongly believed in being able to provide our clients with a higher standard of quality and design. Then and there came the decision to build our in-house design team.

2.

SELECTED PREMIUM QUALITY MATERIAL

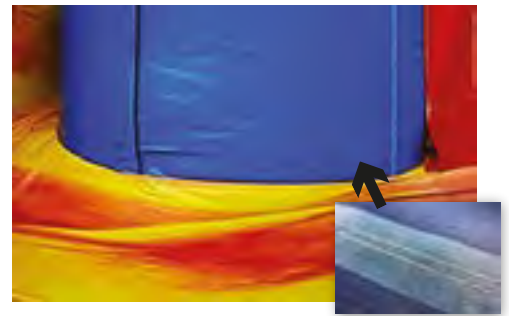

Before ready for processing, initial materials were tested tear strength and approved by our quality control team that selects only the finest Lead-Free and FR commercial vinyl translates to an incredibly long use-life inflatable products.

3.

HERE COMES THE CRAFTSMANSHIP

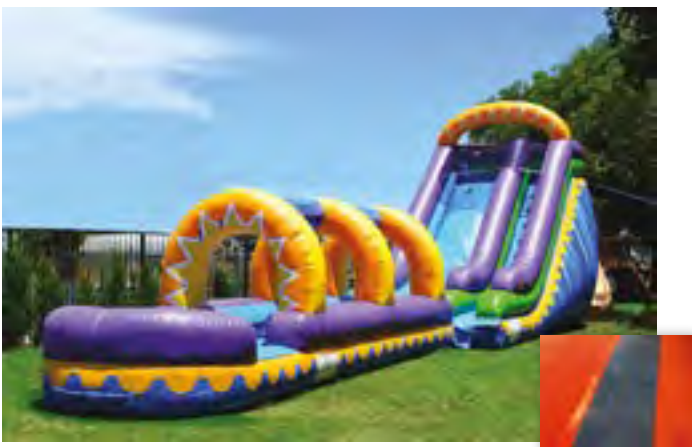

Up to quadruple reinforced, our experienced and knowledgeable sewers use reinforcement webbing strips for added strength and durability of bounce floor and entrance/exit. In addition, we stitch 8 inches vinyl between floor panels to prevent seams ripping from a lot of heavy usage.

4.

REINFORCEMENT HIGH STRESS AREAS

Before stitching two pieces of 1000D PVC vinyl together, we placed an additional vinyl on each piece in heat sealing machine to weld, then we stitch. This way the thread goes through 4 pieces of 1000D vinyl which makes it 4000D of the highest tear strength vinyl in this inflatable market.

5.

WATER LEAKING CONTROL DESIGN

We understand inflatable rental business needs and problems. Heat-sealing is a process that can permanently bond and supported PVC vinyls, there came we use it to minimize water leaking into the unit through seams. JumpOrange designed this method with an eye for detail, which providing our customers with the help and support they deserve.

6.

DAILY PRE-SHIPMENT INSPECTION

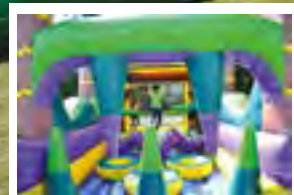

JumpOrange pack team is trained and monitored to best packaging process. Our well-designed shipping packagings will help ensure the quality of our products and safe delivery.

Take the Challenge

Like the WipeOut game as seen on TV? Gotta Try our NEW Hop N' Rock Series Obstacle. It brings you the ultimate challenge for your coordination and reflexes. Starting the race with wall climbing, down to the slide, run through the massive vertical obstacle poles then jump over the horizontal poles. Not finish yet, here comes another wall climbing leads you to the platform to beginning the ultimate challenge of jumping through three giant Hop N' Rock balls. With its slippery vinyl surface and inflatable bounciness, it gives you no chance of staying still. Your instant body coordination and reflexes is the key to success.

DESIGNED for ALL AGES

Ultimate challenge coordination and reflexes of jumping through three giant balls to balance on

Fun Features:

JUMPorange is dedicated to the design, manufacture and sales of fun and innovative inflatable play products. We are proudly servicing U.S.A. in California since 2002. Our products are widely used in the Amusement Industry, known for its Durability, Innovative Design at Affordable price. And now, our New DuraLite Series is ready to extend the Bouncy Fun to the household use. It features the same durable commercial grade vinyl construction throughout the unit but Lite enough to handle by the household users.

Introducing Commercial **Hero** & Residential **Kiddo** Lines

Commercial Hero Line is constructed of 100% PVC vinyl from its pillars and beams to slide walls. Every high-pressure points including the bottom, slide, mattress and bounce floor are made out of industrial strength, 15-ounces fire retardant and lead-free PVC. Durable two inches reinforcement at stress areas and multilayer stitching is used throughout the units. JumpOrange premium puncture-proof PVC is five times stronger than nylon used in market standard residential bouncers as it will not fade, tear, mold growth and easy to clean. Let your kids enjoy the Real Bouncy Fun with JumpOrange 100% commercial construction and 30" height Raise-Up platform.

Parents are using with **Peace of Mind**

Comparing our Commercial grade **Vinyl** products with Traditional **Nylon** household bouncers...

Vinyl material are Easy to Maintain

Traditional household Nylon bouncers → High affinity to water → Mold Growth easily & penetrated through Nylon fabric → Tough to clean → Cause permanent Health Hazard

Commercial grade Lead Free Vinyl → Water Resistant → minimize Mold Growth and Easy maintenance

Shown with Water Resistant Vinyl

Shown with Mildew build-up on Nylon material bouncer

Safe Steady Commercial Standard Construction

JumpOrange DuraLite Hero series features large pillars all around and raise-up platform to increase its bounciness and solid support to hold up multiple players safely.

UV-coated, Lead-Free FR Vinyl for longer lasting Color

All of our inflatable play products are made with 100% commercial grade Lead-Free, Fire Retardant (FR) Vinyl with UV-coated to ensure longer lasting color and safety of the young players.

Easy Set Up and Handling

Made with the **Dura** ble Commercial grade Vinyl with reinforcement on all pressure points to ensure its durability for long lasting usage life, but yet **Lite** enough to set up in minutes and handle by yourself. It reduced up to 50% on the rolled up storage size and weight.

Bring Home the Fun in a Healthy Way

- Turn your own backyard into a carnival within Minutes
- A fun way to interact with kids
- A fun exercise kids will choose over electronic devices
- Take your Family gathering to the next level. Let both parents and kids can all enjoy their time

All Inclusive Package Ready to Play

All of our Inflatable Play products come with Air blower(s), Stake(s) and Repair Kit(s) that everything you need to plug in and play even the emergency accidental damage repair kit to restore unit back to play in minutes.

DuraLite Hero series
Features equipped with
Commercial grade Air Blower & Metal stakes

Best of All, our DuraLite series are **Affordable** for your **year round party use**.

Jumporange (JO) warrants inflatable products it sells up to three (3) years on all full commercial grade (Platinum Series Model # starts with JOC, JOG, JC & JG) Dry use; one and half (1-1/2) years on full commercial grade Wet/Dry dual use inflatables; one (1) year on all DuraLite Hero series (Model # starts with JOH) inflatables from the date of the purchase. All JO residential use DuraLite Kiddo series (Model # starts with JOK) are guaranteed to be free of defects up to a period of ninety (90) days from the date of the purchase. JO warrants the air blowers it sells for a period of one (1) year and thirty (30) days for advertising air puppets and all other accessories. We at JumpOrange take our customer service as priority by offering national wide repair/service facilities on selected areas to minimize your service downtime to maximize your investment. JO provides limited warranty that doesn't apply to defects due to directly or indirectly to misuse, abuse, negligence, excessive usage, unusual wear and tear, accidents, repairs, improper usage, alterations, and lack of maintenance or consumable parts/materials. The customer's usage of any inflatable product on a hard surface other than grass without the use of a tarp shall constitute improper usage, which isn't covered by the warranty. Any other non-jumporange brand products purchases will be referred to the original manufacture for the warranty service. All warranty issues are Credit Upon Inspection. All items returned should have a Return Merchandise Authorization (RMA #) obtained from JO Customer Service Department. Unidentified returns won't be accepted or subject to be abandoned on site at customer's cost. Product may be vary subject to change without notice. Please contact JO customer service department at Toll Free (877)388-5867, (562)229-1800 or via email at Support@jumporange.com for more details of this limited warranty coverage.

ORDER, RETURN AND EXCHANGE POLICY

Due to the nature of the products, all sales are final upon verbally agree for phone order or signing the sales order, invoice and/or credit card authorization form or online orders unless otherwise agreed to in writing or manufacture defective which is subject to be determined by JO Service Department. Any custom-made order requires 50% non-refundable deposit upon placing the order. If the balance of an order or pre-order isn't paid 15 days from the estimated shipping date, the order will be automatically cancelled and subject to a re-stocking fee equal to 20% of the purchase value or full amount of the initial deposit whichever is greater. In any special approved cases that the customer will need to return the order, all items returned must have a Return Merchandise Authorization # (RMA #) pre-approved and obtained from JO Customer Service Department at the customer's prepaid shipping and delivered back to JO Facility within 30 days from the initial shipping date. No credit will be issued if the products aren't in the original boxes or have been opened or inflated which is considered USED. No inbound and outbound shipping refund or credit. If the original purchase contains free shipping, the final credit will be calculated after the cost of the original outbound shipping. Unidentified returns or freight collect shipment won't be accepted and subject to be abandoned on site at customer's cost. For more details, please contact JO customer service department at Toll Free (877)388-5867 or (562)229-1800 or email Support@jumporange.com.
