HIKVISION

About Hikvision

Hikvision is a world leading manufacturer and supplier of security products and solutions. Fortified by one of the largest R&D teams in the video surveillance industry, the innovation behind these products combined with our outstanding team members and partners has made Hikvision the No. 1 video surveillance equipment provider in the world, according to global research firm IHS Markit.

Hikvision's extensive and diverse North American team consists of more than 377 professionals across the U.S. and Canada. Offices are located in Los Angeles, California, and Montreal, Canada, with additional facilities in Miami, Florida. Hikvision has established a Research and Development Centre in Montreal, Canada. Team members are anchored throughout the U.S. and Canada to provide local and national support that is focused on your success.

We invest heavily in R&D, hundreds of millions of dollars per year, to supply the market with reliable, secure and innovative technology with unmatched value. We believe that's the best game plan to provide Hikvision dealers with a competitive advantage out in the field, and to deliver the best value and innovative technology to end users.

Hikvision is a leading provider of security hardware equipment and software solutions for a broad range of vertical markets including K-12 education, retail, casino gaming, commercial real estate, cannabis, assisted living, and many others. Whatever the scope or requirements of the application, Hikvision has a user-friendly, highly-scalable solution, and a support team to meet customer needs.

The foundation of our business is cutting-edge technology: high-definition IP and analog cameras, hybrid, plug and play, and standalone DVRs, NVRs, PTZ domes, network switches, encoders and decoders, phone apps, VMS (video management systems) software, central management systems, and the latest technology innovations.

Beyond security, Hikvision products provide important data and business intelligence, which can be used to enable greater commercial success and more efficient operations.

HIKVISION UNAUTHORIZED DISTRIBUTORS POLICY

Hikvision USA Inc., and Hikvision Canada Inc. (Hikvision USA and Hikvision Canada), sell products only through authorized distributors. We value our industry partners and are proud of the relationships we have developed to help expand the use of our innovative technology products and solutions. Hikvision's authorized distributors serve as an important link in the Hikvision USA and Hikvision Canada value chain by providing excellent pre- and post-sale customer service, including firmware updates and sales engineering support.

Not every distributor advertising Hikvision products has been authorized by Hikvision USA or Hikvision Canada to advertise or sell those products. We warn potential customers against purchasing products from unauthorized distributors. Unauthorized distributors may be selling products that are counterfeit, used, have modified firmware or are otherwise damaged. The Hikvision warranty is void, per company policy, on any product that is not purchased through a Hikvision USA or Hikvision Canada authorized distributor.

Purchasing through authorized Hikvision USA and Hikvision Canada distributors ensures that you receive the benefits of technical support, project registration, dealer loyalty programs and advance replacement of any camera, recorder, monitor, video server, or software, in addition to Hikvision USA and Hikvision Canada's full warranty. Additionally, products purchased through authorized distribution partners have additional customized features and capabilities that distinguish the North American offering.

If you have any questions or concerns about the official status of your Hikvision distributor before your purchase, please contact Hikvision USA and Hikvision Canada Customer Service at csr.usa@hikvision.com to confirm their authorized status.

Thank you for your continued support of our industry-leading video surveillance products.

Overview

Featured within this product guide are the most popular Hikvision products for the SMB, residential and commercial markets. It includes an overview of our extensive product offering, including a wide-range of IP camera and recorders, HD over Coax analog cameras and recorders, intercom devices, access control solutions, and essential accessories such as network switches and monitors. Software solutions with integrated video and access control management are available to meet the needs of a variety of applications from small businesses to multi-site enterprises. You will also find a wide array of multi-sensor solutions and thermal cameras that meet the most restrictive budgets.

For IP and HD over Coax solutions, Hikvision options are available at multiple price points and performance levels. Please refer to the product comparisons at the beginning of each section to help you select the appropriate product for your application.

Hikvision also has products and solution for high-end applications. These include deep learning solutions, high-end thermal and anti-corrosion cameras, hazardous area solutions, as well as video wall monitors and controllers. FEATURES

- Active Directory Integration
- Flexible Video Controls
- Powerful Video Search and Playback
- Low Bandwidth Adaptability
- Advanced Alarm Management
- Powerful Map Integration
- Access Control Management
- Dynamic Smart Walls
- Modern Clients for Web, Workstation and Mobile
- Intuitive Fisheye View Expansion and PTZ Controls
- Facial Recognition Surveillance and Access Control
- License Plate Recognition Management
- Under Vehicle Surveillance System (UVSS)
- Health Monitoring and Audit Trail Assist Maintenance
- Third-Party Integration with OpenSDK
- Flexible Middleware Based on OpenSDK Available

At Hikvision, we strive to develop and deliver the very best end-to-end solutions in the security industry. HikCentral is a comprehensive central management system (CMS) that brings together powerful video surveillance and access control systems of any size. The modern and powerful desktop, web, and mobile clients can access the centralized system from anywhere. A key benefit of HikCentral is the flexibility to add functions and services from collaborative partners, making it possible to tailor the CMS to your specific needs and requirements. This highly efficient platform can be deployed on preloaded servers, virtual machines, and cloud services. HikCentral is a powerful, flexible and efficient security management platform.

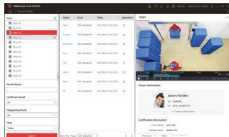

HikCentral has the power to manage multiple security systems from a single point of command and control. Video, access, intercom and alarm points are brought together and managed through a single graphical user interface (GUI) thereby reducing overall operational costs.

HikCentral is modular application software. You only pay for the modules you need, and you can add modules whenever your security and business needs change. Licenses are perpetual with one-time purchase. HikCentral also has the flexibility to integrate with third-party access control, automation, central monitoring and other systems.

Multiple sites should not mean multiple systems to manage. HikCentral helps you easily manage thousands of local, national or global sites from a single computer. If you are away from your security system you can receive intelligent alerts via text message, email or mobile app, and log in from a remote computer.

Expansion Licenses

HikCentral-VSS-1Camera: Add one camera to VSS base. Orders of multiple camera licenses are provided as one indivisible license key.

HikCentral-ACS-1Door: Add one door/access point to ACS base. Orders of multiple door licenses are provided as one indivisible license key.

HikCentral-RSM-1Site: Add one HikCentral site to RSM base. Orders of multiple site licenses are provided as one indivisible license key.

Add-on Modules

HikCentral-SmartWall-Base: VSS add-on smart wall module for integrated video wall management using Hikvision decoders, video wall controllers and 3rd party graphics cards.

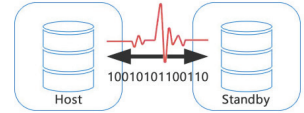

HikCentral-ANPR-Base: VSS add-on automatic number plate recognition (ANPR) module for Hikvision license plate recognition (LPR) camera integration without channel limitation.

HikCentral-FacialReco-Base: VSS add-on facial recognition module for Hikvision facial recognition surveillance camera and NVR integration without channel limitation.

HikCentral-BI Report-Base: VSS add-on business intelligence module for statistical data reporting from Hikvision people counting, queue analysis and heat mapping cameras without channel limitation.

HikCentral-Thermal Report-Base: VSS add-on thermal reporting module for statistical temperature data reporting from Hikvision thermal cameras without channel limitation.

HikCentral-Attendance-Base: ACS add-on attendance module enables personnel shift management and attendance reporting functionality for HikCentral 1.2 or later using access control devices.

Licensed Devices	One Standby Server
Description	<p>High availability software to implement a standby server for one or more HikCentral host servers and ensure the CMS system remains operational even when the host server is down. RoseReplicator Plus is the preferred high availability solution for HikCentral servers where maximal uptime is important.</p>
Purchase Options	(USBKEY1): 1 Year Warranty (USBKEY1): 3 Year Warranty

CLIENT SOFTWARE & MOBILE APPS

iVMS-4200 Client Software for Microsoft Windows – No Licensing Fee

The Windows-based iVMS-4200 is a versatile client software application for Hikvision video surveillance and access control systems. There are modules for live view, playback, event management, e-maps, attendance and smart device data reporting such as people counting, queue analysis, heat mapping, license plate recognition and facial recognition. The new iVMS-4200 version 3.1 for Windows features a modern user interface, 24/7 data receiving without running the client, fast startup and shutdown times, and completely modular installation with nine selectable modules. The client software is widely applied to small-scale projects when central management is not a necessity. Because there is no central database for multiple clients to synchronize with, each client installation is configured, maintained and operated independently.

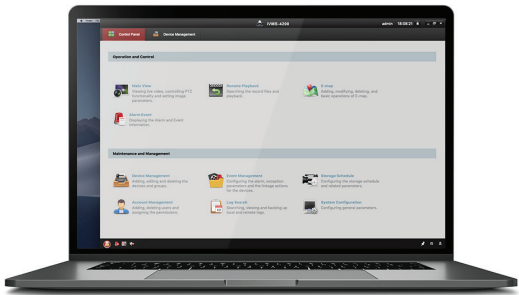

Model			iVMS-4200 V3.1 for Windows
Database			SQLite (encrypted)
Client	General	Users	50 users and one super user
		E-Maps	256
		Encoding Devices	256 (DVR, NVR, IPC, encoder)
		Groups	256 groups, 256 channels for each group
		Channels	256 channels total
		Storage Servers	16
		Stream Media Servers	16
	Video	Live View Channels	64-ch live view at a time
		Auxiliary Screen Previews	4 auxiliary screens for live view
		Playback Channels	16-ch playback at a time (asynchronous/synchronous)
		Download Tasks	16-ch downloading tasks at a time
	Access Control	Organizations	10 hierarchies
		People	3,200
		Cards	16,000
		Access Groups	128
		Access Points	64
		Access Controllers	16
		Video Intercom Indoor Stations	512
Shifts		64	
Time And Attendance Data		Retention time is limited only by available HDD space and amount of the data generated during usage.	
Storage Server		Recording Performance	64-ch × 2 Mbps at a time
		VOD Performance	64-ch × 2 Mbps at a time
		iVMS-4200 Client	128 iVMS-4200 clients connected to the Storage Server
Stream Media Server		Incoming/Outgoing Streams	64-ch incoming and 200-ch outgoing video streams

System Recommendations

	Operating System	Microsoft® Windows 10 (64-bit)
	Video Card	NVIDIA® GeForce RTX 2080

iVMS-4200 Client Software for Apple macOS – No Licensing Fee

The iVMS-4200 for macOS is now a 64-bit version 2.0 with a new user interface, and new capabilities including Hik-Connect P2P support, thermal camera support, ATM/VCA/POS playback and more. There are modules for live view, playback, event management, and e-maps. It's suitable for Mac users needing to manage small-scale Hikvision video surveillance systems.

System Requirements	Hardware	Mac
	Operating System	macOS 10.12 to 10.14 (64-bit)

Hikvision Views Mobile App

The Hikvision Views mobile app is a handy assistant for Hikvision dealers and installers. Easily select and compare Hikvision products with detailed information including pictures, specifications, drawings, and accessories. Use the included calculators for storage, bandwidth, NVR and lens estimations during the system design and product selection stage. Multiple languages including English, Spanish, and Portuguese are supported.

Hik-Connect P2P/DDNS Platform and Mobile App

Quickly and securely set up your video surveillance and intercom systems for remote viewing on Android and Apple smartphones and tablets using the Hik-Connect mobile app, and on Windows and Mac computers using the iVMS-4200 client software. Hik-Connect allows users to stay in touch with home and business even when away with live video, event notifications, two-way audio communication, door intercom answering and unlocking, and video playback. See a comparison of the cloud peer-to-peer (P2P) and dynamic domain name system (DDNS) services provided for free by Hik-Connect below.

Hik-Connect Service	Cloud P2P	DDNS

Smart Pro IP solutions include a wide array of products for professional applications. Enhanced with Hikvision smart technologies, Hikvision's smart IP and PTZ cameras, specialty stainless steel cameras and upright PTZs, PanoVu multi-sensor cameras, thermal solutions, the HikCentral central management system, and Smart NVRs—are all designed to deliver intelligent security for the modern marketplace. The Professional Solutions line delivers high performance technology for enterprise applications. Whether you're securing a large facility or small business, you will find the most advanced products in the Professional Solutions product offering.

Smart Pro IP Cameras

FEATURES

- High performance, fully-loaded project cameras with up to 140 dB WDR (Wide Dynamic Range) and up to 20 MP in PanoVu multi-sensor cameras, with lenses ranging from fixed to 50x optical zoom in PTZ cameras.
- Multiple form factors, including indoor/outdoor dome, bullet, fisheye, covert and 360-degree panoramic view domes.
- Thermal cameras with low, medium and high resolutions, pseudo colors and accurate fire detection.
- Smart analytics add to the high-performance capabilities and include detection of line crossing, intrusion, region entrance and exit, unattended baggage, object removal, scene change, sudden audio increase/decrease, audio loss, defocus, object counting, defog and LPR (license plate recognition).

4 MP Outdoor AcuSense Varifocal Bullet Camera
DS-2CD2646G1-IZS

Performance & Value IP Cameras

FEATURES

- Hikvision's latest H.265+ video compression technology, which captures surveillance video using a decreased bitrate, reducing bandwidth requirements and storage costs.
- EXIR 2.0, which uses the latest manufacturing components and techniques to improve low light performance, efficiency and lifetime of the IR device.
- Powered by DarkFighter technology in Performance Series cameras and Value PTZ's increases sensitivity in low light conditions.

For those applications where performance is important and budgets are limited, Hikvision offers its Performance and Value Series products. Equipped with some of the Smart Pro features, these products deliver greater flexibility with select feature sets. A selection of Performance cameras and Value PTZs includes DarkFighter technology (Powered by DarkFighter) to enhance performance in low light conditions. And Value Series cameras are now available in 8 MP (4K UHD) resolution.

Performance Cameras

New technologies have been added to our cameras in Performance Solutions including Hikvision AcuSense and ColorVu products.

AcuSense technology makes advanced video content analysis and deep learning algorithms available to SMBs for the first time. AcuSense filters false alarms and will recognize targets, classifying them as human, vehicle, or others. Hikvision AcuSense works by disregarding movements in nature, such as animals, rain or leaves, while triggering alerts when vehicles or humans are detected by a camera or a backend NVR.

Hikvision ColorVu cameras deliver crisp, full color, full motion video in complete darkness, by using a high-performance sensor, a large iris, and gentle supplemental lighting. ColorVu offers many benefits:

- Clear, full color images—day and night—with brilliant detail and clarity for rapid identification of suspects.
- Improved safety for employees and customers walking in parking lots or other poorly lit areas at all times of day and night. It illuminates darkened walkways within cities, buildings, or on campuses.
- It reduces risk around the clock, and enhances details when reviewing footage after an incident.

2 MP Outdoor EXIR Bullet Camera
ECT-B12

Value Express IP Cameras

FEATURES

- Perfect for DIY applications and budget-minded customers.
- Solid metal construction for durability and varied environmental conditions.
- EXIR 2.0 (EXtended InfraRed) technology for excellent nighttime performance.
- Multiple form factors, including Indoor/Outdoor Dome, Turret, Bullet and PTZs.
- Available in 2 MP or 4 MP with fixed or motorized zoom lenses.

Designed and built for projects that are budget-conscious and require excellent performance, our new Value Express product family delivers upgraded H.265+ compression technology. This range of IP and TurboHD products offer all camera housing models including dome, bullet, turret, varifocal and PTZ for diverse applications. From order to installation, this family of products offers easy and quick cost planning, is easy to order, and provides a simplified installation process.

AcuSense Network Video Recorder
DS-7716NXI-I4/16P/4S

Network Video Recorders

FEATURES

- High performance, fully-loaded NVRs from 4 to 256-channel inputs.
 - H.265+, Hikvision's latest video compression which minimizes bandwidth
 - 4K Ultra High Definition (UHD) HDMI output and 1080p VGA outputs.
 - Storage capacity, from 2 TB to 288 TB, for months of recording with built-in support of RAID 1, 5,6 and 10 data redundancy storage.
- Performance and Value Series Plug and Play NVRs ensure easy installation and configuration.
 - Value Express NVRs are outfitted for 4- and 8-camera systems and kits, flexible enough to accommodate your record-keeping needs.

Meeting all bandwidth and storage utilization requirements, the Smart Pro NVRs support recording of up to 12 MP camera resolution, Ultra High Definition (UHD) output up to 4K, up to 288 TB of storage capacity and H.265+ compression to increase storage space by 50-70 percent.

Our Performance NVRs include the new AcuSense series that filters false alarms and will recognize targets, classifying them as human, vehicle, or others. Hikvision AcuSense works by disregarding movements in nature, such as animals, rain or leaves, while triggering alerts when vehicles or humans are detected. The Quick Target Search feature easily locates the most important recordings, saving time and money when reviewing alarm and event activity.

Our popular Plug and Play NVRs provide easy installation and operation. These Value and Performance NVRs manage bandwidth and storage with the H.265+ compression technology. They also support recording of up to 12 MP camera resolution, Ultra High Definition (UHD) output up to 4K and up to 32 TB of storage capacity.

Value Express IP Kits

Value Express IP Kits are complete recorder and camera kits for single-site applications. Kits contain a recorder and multiple cameras in a single box, suitable for DIY in residential or small business applications. These IP Kits include 4- and 8-channel recorders along with 4 and 6 cameras respectively.

FEATURES

- Includes 2 MP or 4 MP cameras with 2.8 mm lens.
- Record up to 4K/8 MP resolution on IP cameras with 4K UHD output.
- H.265+ video compression reduces data and storage usage by up to 80 percent.
- Cameras include latest EXIR 2.0 illumination up to 100 ft.
- Plug and Play operation with built-in PoE ports for ease of installation.

EKI-Q41T24

Includes four 2 MP Outdoor IR Turrets (ECI-T22F2) and one 4-channel NVR (ERI-Q104-P4)

EKI-Q41T44

Includes four 4 MP Outdoor IR Turrets (ECI-T24F2) and one 4-channel NVR (ERI-Q104-P4)

EKI-Q82T26

Includes six 2 MP Outdoor IR Turrets (ECI-T22F2) and one 8-channel NVR (ERI-Q108-P8)

EKI-Q82T46

Includes six 4 MP Outdoor IR Turrets (ECI-T24F2) and one 8-channel NVR (ERI-Q108-P8)

2 MP Outdoor Ultra-Low Light PIR Bullet Camera
DS-2CE12D8T-PIRL

TurboHD™ Analog Cameras

FEATURES

- Choice of budget-level Value series (U1T, H0T, D3T), Performance series (PIRL, DFT ColorVu,) or fully-featured Pro series (U8T, H5T, H8T, D5T ,D9T) in dome, turret and bullet form factors.
- Varied resolutions, including 720p, 1080p (2 MP), 5 MP and 8 MP (4K).
- Unique features like Power over Coax (PoC) models reduce installation costs dramatically.
- Multi-standard support for TVI, AHD, CVI and CVBS analog signals on several camera models.
- PIR (passive infrared) versions include built-in supplemental lighting.
- ColorVu 24/7 color imaging even in complete darkness

Enjoy high definition video using existing cabling with Hikvision's TurboHD (HD over Coax) HD-TVI technology. It provides HD video up to 4K over coaxial cable at distances up to 2,600 feet. Specially designed for analog users who want a high definition surveillance system without the cost and time of upgrading to IP or replacing existing cabling structures. Delivering impressive image quality, this camera line offers incredibly durable, vandal-proof products with features such as industry-leading H.265+ video compression, OSD menu via Up-the-Coax (UTC), Power over Coax (PoC), EXIR 2.0 illumination, motorized zoom and focus, and 120dB WDR.

TurboHD™ Tribrid DVR
DS-7216HUI-K2

TurboHD Plug and Play DVRs offer several models scalable for small to mid-sized businesses with 4- to 32-channels. All TurboHD DVRs are Tribrid—a true revolution in the professional surveillance market—supporting traditional analog (CVBS), HD-TVI, and IP cameras. Thanks to autosensing technology, installation is extremely easy.

TurboHD™ Digital Video Recorders

FEATURES

- High performance, fully-loaded project Pro DVRs have extra capacity and RAID for larger project application, up to 12 MP IPC connectivity and support Point of Sale (POS) interface.
- Tribrid DVRs include H.265+ video compression, reducing storage requirements.
- On-Screen-Display (OSD) menu available up-the-coax (UTC) for managing camera settings.
- Value Series DVRs are our most popular DVRs and offer budget-priced enhanced performance models, up to 8 MP IPC connectivity and Power over Coax models (PoC).
- Value Express includes DVRs outfitted for 4- and 8-camera systems as kits, and are flexible enough to accommodate your record-keeping needs.

TurboHD™ Kits

Hikvision now offers complete recorder and camera kits for single-site applications. Kits contain a recorder and multiple cameras in a single box, suitable for DIY in residential or small business applications. These TurboHD Kits include 4- and 8-channel recorders along with 4 and 6 cameras respectively.

FEATURES

- Includes 1080p cameras with 2.8mm lens.
- Record up to 2 MP resolution analog cameras.
- Up-the-Coax camera menu programming.
- Auto-detect HD-TVI/CVBS inputs.
- Installed 1 or 2 TB HDD included.

T7108Q2TA

Includes six 1080p Outdoor IR Turrets (DS-2CE56D0T-IR) and one 8-channel DVR (DS-7108HQHI-F1/NB)

T7108Q2TB

Includes six 1080p Outdoor IR Domes (DS-2CE56D7T-VPIT) and one 8-channel DVR (DS-7108HQHI-F1/NB)

Modular IP Video Intercom Kit Indoor Station
DS-KH8350-WTE1

IP Video Intercom Solutions

FEATURES

- Fully integrated with the Hik-Connect cloud platform and phone app, an indoor station can ring its owner's phone when a visitor is at the door, then let the owner decide to open the door using a simple tap on their smartphone or tablet.
- Multiple door stations can be programmed to be answered by multiple indoor stations.
- An Intercom Two-Wire Bundle (DS-KIS701) combines an outdoor Door Station, an indoor Door Station and Power/Data Distributor.
- IR LED located near the camera lens ensures the camera can capture a visitor's image even in poorly-lit areas.
- All door and indoor stations are managed via TCP/IP category cables, making both physical connections and software management easy to perform.

Hikvision's new IP Video Intercom line is a simple yet complete solution for customers in need of two-way audio and entranceway video verification. A full system consists of a video door station such as the DS-KD8003-IME1/Surface, and an indoor station such as the DS-KH8350-WTE1, each powered by standard PoE. The user conveniently answers the door at the indoor station, and can unlock the door with a simple push of a virtual button on their touchscreen. The system is also fully integrated with the Hik-Connect app to provide the user with full access to their door virtually anywhere, anytime. Combining convenience and versatility, the Hikvision IP Video Intercom system propels a company's interactive video security one step further.

Modular IP Video Intercom Kit

DS-KIS602 **NEW**

Models Included:

- DS-KD8003-IME1/Surface
- DS-KH6320-WTE1
- DS-3E0105P-E/M

Accessories Included

- 16GB Micro SD Card
- Indoor Station Mounting Plate
- 48 VDC AC Adapter for PoE Switch

FEATURES

- Guests call from the video door station with a single button.
- Host receives calls and can unlock door from indoor station and Hik-Connect mobile app.
- Make room-to-room audio calls between indoor stations.
- Indoor Station records messages on the included micro SD card
- Indoor station monitors door station(s) and up to 16 cameras.
- Easy operation with UI 2.0
- All devices use standard PoE

Two-Wire IP Video Intercom Kit

DS-KIS701

Models Included:

- DS-KV8103-IME2
- DS-KH8340-TCE2
- DS-KAD709

Accessories Included

- 24V DC AC Adapter
- Indoor Station Mounting Plate
- Door Station Flush/Surface Mount

FEATURES

- Receive calls and unlock door from Hik-Connect mobile app.
- Make room-to-room video calls between indoor stations.
- Indoor station monitors door station(s) and up to 16 cameras.
- Easy plug and play swap out from old two-wire devices.

Face Recognition Terminal
DS-K1T606M

Access Control Solutions

FEATURES

- Bundled with iVMS-4200 software to manage users, permissions and rules for the system.
- Supports Wiegand protocol readers and RS485 protocol which enables simpler wiring and longer transmission distances.
- An Access Control Kit (DS-KIT2DRACP) combines a controller, two readers, and a set of proximity cards for a system that is easy to purchase and install.
- Multiple authentication methods are available including card authentication, keypad passcode, fingerprint and facial recognition authentication. The user has the ability to request two different types of authentication methods to ensure maximum security.
- Advanced anti-pass back and multi-door interlocking features give the user a truly exceptional security environment.

Hikvision access control solutions offer a complete lineup of devices from multi-door control panels and card readers to standalone, fingerprint, video, time and attendance, and facial recognition terminals. These products are compatible with Hikvision's updated and free iVMS-4200 Client Software version 3.x. Access control solutions integrate into existing Hikvision video surveillance systems, delivering a versatile, full-service security system.

With Hikvision's established presence in video surveillance, our access control solutions easily integrate with our NVRs and DVRs, combining entry/exit management with visual records. Our latest innovative facial recognition terminals improve access throughput and accuracy.

Model	
	DS-K2602-G DS-K2604-G
Uplink Communication Interface	TCP/IP Network Interface and RS-485 Interface
Downlink Communication Interface	RS-485 and Wiegand (w26/w34)
Storage Max Cards Number	100,000 (200,000 expandable)
Storage Max Events Number	300,000 (600,000 expandable)
Accessible Card Reader	4/8 Card Readers (RS485 Interface) 4/4 Card Readers (Wiegand Interface)
Input Interface	4/4 Alarm Input 2/4 Door Sensor 2/4 Exit Button 4/8 Case Input 1/1 Tamper Alarm
Output Interface	2/4 Lock Relay 4/4 Alarm Relay
Built-In Power Supply	110-220V AC, 8.5A Max
Panel Power Input Voltage	12V DC
Lock Output	12V DC, 1A Max Each Lock
Working Environment	Indoor
Certifications	CE, FCC, UL 294 ETL Listed

Access Control Kit

DS-KIT2DRACP

Includes one Network Access Controller (DS-K2602-G), two Proximity Card Readers (DS-K182HP), and one Proximity Card Pack of 25 cards (DS-K7M151-P)

ACCESS CONTROL

	MIFARE CARD (25-PACK)	MIFARE KEY FOB (25-PACK)	PROXIMITY CARD (25-PACK)	PROXIMITY KEY FOB (25-PACK)
Model				
	ICS50-25	DS-K7M102-M	DS-K7M151-P	DS-K7M153-P
Sensing Frequency	13.56 MHz	13.56 MHz	125 kHz	125 kHz
Card Format	Mifare	Mifare	Prox	Prox
Temperature	-20° C to 75° C (-4° F to 167° F)	-10° C to 50° C (14° F to 122° F)	-37° C to 50° C (-35° F to 122° F)	-37° C to 50° C (-35° F to 122° F)
Dimension	85.5 x 54 x 0.8 mm	26 x 50 x 4 mm	56 x 86 x 1.5 mm	30 x 38 x 3.8 mm

LOCK

Model		
	DS-K4H250D	DS-K4H250S
Maximum Thrust	300 kg (660 lb) ×2	300 kg (660 lb)
Power Requirements	12V DC, 500 mA ×2 24V DC, 250 mA ×2 12 W	12V DC, 500 mA 24V DC, 250 mA 6 W
Signal Output	Dry Contact Signal Output, Support Maximum Power Rate of 3A, NO Output While Locking and NC Output While Unlocking	Dry Contact Signal Output, Support Maximum Power Rate of 3A, NO Output While Locking and NC Output While Unlocking
LED Indicator	Red (Door is Unlocked) Green (Door is Locked)	Red (Door is Unlocked) Green (Door is Locked)
Suitable Door	Wooden Door, Glass Door, Metal Door, Fireproof Door	Wooden Door, Glass Door, Metal Door, Fireproof Door
Working Temperature	-10° C to 55° C (14° F to 131° F)	-10° C to 55° C (14° F to 131° F)
Weight	4.2 kg (9.3 lb)	2.1 kg (4.63 lb)
Dimensions	480 x 49 x 25.5 mm (18.9 x 1.93 x 1.00 in)	240 x 49 x 25.5 mm (9.45 x 1.93 x 1.00 in)

	MICROSD CARD
Model	
	HS-TF-H11/32G HS-TF-H11/64G HS-TF-H11/128G
Capacity	32/64/128 GB
NAND Flash	MLC
Form Factor	microSDHC/microSDXC
Read Speed	90/90/96 MB/s
Write Speed	46/28/44 MB/s
Operating Temperature	-25° C to 85° C (-13° F to 185° F)
Warranty (Year)	2
Product Highlight	<ul style="list-style-type: none"> • Read-Write Lock • Life Forewarning • Health Monitoring (With Hikvision Camera)

	MICROPHONE	
Model		
	DS-2FP2020	DS-2FP4021-B
Type	HiFi Microphone	Digital Noise Reduction Microphone
Frequency Response	20Hz~20KHz	100Hz~16KHz
Pickup Range/Direction	70 m2 / 360°	60 m2 / 360°
Signal:Noise	60 dB	75 dB
Dynamic Range	70 dB	85 dB
Output Impedance	600 ohm unbalanced	600 ohm unbalanced
Connections	3 wires (Power, Audio Out, GND)	3 wires (Power, Audio Out, GND)
Construction	PVC	Aluminum alloy
Dimensions	Φ78 x 28 mm (3 x 1.1")	Φ64 x 20 mm (2.5 x 0.8")
Power Requirements (max.)	12V DC / 25mA	12V DC / 45mA
