

BOX IT - SHIP IT - FIX IT
SERVICE BOX PROGRAM

SERVICE BOX PROGRAM

Get all of your fuel and lubrication equipment fixed with one easy, hassle-free program!

How does it work?

We will supply you with a folding, collapsible crate to fill with all the products that you need to have repaired. Take your *broken pumps, reels, dispense guns, valves, and more*, and put them in your **Fireball Service Box**. When you're ready, ship the box back to us for assessment.

Fireball's expert technicians examine each item shipped to us and prepare a detailed written quotation for having the item repaired, rebuilt, or replaced.

Don't know the make or part number of the equipment?
Not a problem, our technicians are experienced with multiple lines of equipment!

SHIP IT

**FIX IT OR
REPLACE**

SERVICE BOX PROGRAM

We offer service and repair for most brands of pneumatic, hydraulic, and electric pumps such as Graco, Lincoln, Samson, Dixon, Blackmer, Gorman Rupp, Coulds, FE Petro, and GPI pumps. We also service equipment for bulk fueling operations, *including fuel nozzles, swivels, loading arms, API couplers, Dixon valves, and OCV valves*. Brands include OPW, Rite-Pro and Emco Wheaton.

Core components are cleaned and inspected and all soft goods and rubber components are replaced. Each item is tested after repair, with a test report attached to confirm that your equipment can perform accurately and safely.

Your **Fireball Service Box** arrives back on your site, full of your newly rebuilt equipment, ready to be used again. Shipping can be done through your preferred logistics company or Fireball Equipment can handle logistics. *Shipping costs are the responsibility of the customer.*

GET STARTED

Enrolling in the Fireball Equipment Service Box Program requires no up-front costs and no long-term commitment. Just sign up for a free **Fireball Box** and ship it back to us full of equipment that needs assessment.

Fireball Equipment will ensure that your equipment is repaired and returned to you to keep your business running as smoothly as possible.

ABOUT US

Fireball Equipment is a market leader in providing fluid management systems and dispensing equipment. We provide solutions for fuel, lubricants and related products. This means an end-to-end solution for all fluid handling requirements. We also integrate products that track and monitor fluids so you know exactly what you have and where it goes.

Fireball also has a Field Service Department that can be dispatched directly to you for all of your on-site needs.

In operation since 1992, Fireball Equipment has developed a reputation as the “do it all” people in the industry, as we work with everything from the smallest automotive shops to some of the largest mining projects in the world.
