

# WASH, DRY, CHANGE, REPEAT.

Our sheets were designed to look  
AHHmazing every time.

## SUGGESTED LAUNDERING INSTRUCTIONS MICROFIBER TWILL PRODUCTS | PROGRAMMABLE MACHINES

<b>BREAK/SUDS CYCLE</b>	10 min.	Hot water (160°)	Low water level	Alkali at 1500-2000 ppm
<b>RINSE 1</b>	2 min.	Hot water (140°)	High level	
<b>RINSE 2</b>	2 min.	Warm water (120°)	High level	
<b>RINSE 3</b>	2 min.	Warm water	High level	
<b>FINAL RINSE</b>	4 min.	Cold water	Low level	Sour to appropriate pH levels
<b>EXTRACT</b>	1 or 2 min.	Slow speed		

**DRYING** 15 min. at medium heat (130-140°). After 5 min. cool down, remove from dryer immediately.

**IRONING/FOLDING** If sheets are folded promptly after dryer removal, they should not need to be pressed. If you use an ironer, we recommend a temperature of 340° and suggested speed of 110 FPM. Variations (or adjustments) may be necessary depending on humidity, time of year, equipment, etc.

### FOR OPTIMAL RESULTS:

We recommend water-soluble massage oil, lotion or cream. We guarantee our sheets against staining for 1 year, except when used with **grapeseed oil, jojoba oil, or wax.**

Laundry products in a full load and do not use bleaches.

Wash as soon as possible. If you cannot wash right away, place soiled goods in plastic bags to keep the air from oxidizing the spa oils.

Wash in high temperatures of 160-170° with high levels of alkalinity. Using solvents in addition to a high temperature alkaline bath is helpful.

**Please contact customer service regarding any laundry concerns at [CustomerService@comphy.com](mailto:CustomerService@comphy.com).**

*All measurements are based on 100 lbs of washer capacity.*

# SUGGESTED LAUNDERING INSTRUCTIONS

## MICROFIBER TWILL PRODUCTS | HOME WASHING MACHINES

### WASH:

- Pre-treat stains
- Do not wash linen with other items such as towels.
- For optimum results, we recommend adding a high pH Detergent.
- Wash on Permanent Press cycle using hot water (minimum of 160°).
- Use slow spin cycle if available.
- Use non-chlorine bleach, if desired.

### DRY:

- Set dryer on permanent press cycle, medium heat with cool-down cycle.
- Remove promptly and fold.

**FOR OPTIMAL RESULTS:** We recommend water-soluble massage oil, lotion or cream. We guarantee our sheets against staining for 1 year, except when used with **grapeseed oil, jojoba oil, or wax.** Launder products in a full load and do not use bleaches. Wash as soon as possible. If you cannot wash right away, place soiled goods in plastic bags to keep the air from oxidizing the spa oils. Wash in high temperatures of 160-170°.
