

STATEMENT OF FAITH

We believe in God the Father, Son, and Holy Spirit, three in one.

We believe that He is creator of all things aside from Himself, that He is eternal, sovereign, all-powerful, all-knowing, everywhere present, personal, holy, just, loving and continuously involved with and in His creation.

We believe He has revealed Himself through His creation, His image in humankind, His inspired word and ultimately His Son, Jesus Christ.

We believe that Jesus lived a perfect life as an example to us and gave His life as payment for our sins, that we might be reconciled to God.

We believe that He rose from the dead to give us new life, and now resides at the Father's right hand, having been made ruler over all things forever.

We believe that all who truly believe in Him are delivered from the guilt and power of sin, empowered by the Holy Spirit to live new lives pleasing to God, and given the glorious hope of eternal life.

We believe that Christ will return to bring a final end to evil and death, bring all things into account before God, and establish His eternal kingdom.
