Ordering information

Custom Items:

Liberty Brass welcomes "specials." In all cases, we will try to accommodate your customized requirements.

To Simplify Ordering:

Clearly specify our catalog number, quantity, and finish to avoid unnecessary delays or errors.

Minimum Order:

Due to the high cost of handling and billing small orders, our minimum order size is \$100.

Prototype Orders:

On a one time basis, prototype orders will be processed at a charge of \$45.00 plus the cost of the parts.

Terms:

1% 10 days; Net 30 days.

Finishes:

Brass parts are offered in the following finishes (others available): Burnished and Lacquered, Antique Brass, Nickel and Black Oxide

Zinc diecast parts are offered in the following finishes: Vacuum Brass, Vacuum Chrome, Antique Brass, Brass Burnished and Lacquered Trophy Gold Black

Shipments:

Please specify desired shipping arrangements. Where none are specified, our shipping department will use its best judgement.

Claims:

Liberty Brass' products are carefully packed by experienced packers. Our responsibility ceases after we obtain receipt for merchandise in good order. Claims for any reason, must be made within ten (10) days of receipt of merchandise.

Returns:

No returns may be made without our express permission.

Open Account:

First time customers will be served on a COD basis. A 50% deposit will be required prior to shipment, with the balance of the order plus shipping charges, payable on delivery. Subsequent orders can be shipped on "open account" providing four references and a bank are submitted and satisfactory credit history is determined.

Special Handling:

Special handling and special packaging may be requested at extra charge.

Prices:

Under existing conditions, prices are subject to change without notice. All prices are F.O.B. Long Island City, N Y.

718-784-2911

**Liberty
Brass**
Turning Company, Inc.

Welcome to our first catalog in 50 years!

We are very excited about this new development and look forward to being able to expand our services to you, our customers.

Those of you who have bought from us in the past know our record of excellent service, terrific quality and competitive pricing. You know that we strive to keep our promises and are almost always successful. What you may not know about is our "Green Light Service". We will, for a nominal additional charge, guarantee to begin

shipping parts on your order, within 5 working days. We can do this because we have enough equipment available to divert capacity to your needs almost instantaneously.

For those of you who are yet to become customers, you should know who we are. We are primarily a job shop. The majority of our business comes from making custom items. Of course through the more than 85 years of same family ownership, we have manufactured nearly every type of lamp and lighting part imaginable and therefore have now compiled the catalog before you, with many of these standard parts.

IF HOWEVER, YOU DON'T SEE WHAT YOU ARE LOOKING FOR, JUST ASK US. WE HAVE BUILT OUR REPUTATION ON PROVIDING OUR CUSTOMERS WITH SPECIALS, ALL THE WAY FROM PROTOTYPING THROUGH PRODUCTION.

So we ask you to examine our products carefully, and be fully aware that we are dedicated to getting you exactly what you want, when you need it, at a fair price. We invite you to call us with questions at any time.

Please know that either one of us will be glad to speak with you and stand ready to help make your purchasing experience with our company not only easy and enjoyable, but profitable for you as well.

Sincerely,

Peter Zuckerwise
President

David Zuckerwise
Chairman

AT LIBERTY, WE CAN REALLY MOVE OUR BRASS.

ANNOUNCING GREEN LIGHT SERVICE

Liberty Brass is committed to doing everything possible to serve you best. That's why we've developed Green Light Service.

It means you can get the same superb quality and same personal service faster than ever.

It means you can save precious time and money by avoiding costly downtime waiting for your parts.

It means you get top priority rush service with no sacrifice in quality.

So if you mean business, give us a call the next time you need parts in a hurry. You'll find we can turn on a dime to deliver when you need it.

Our Green Light Service may cost a bit more, but it's more than worth it.
