Information about the service

Your JB Hi-Fi and The Good Guys BYO Mobile Plan ('Plan') is for a post-paid mobile phone service. It gives you access to the Telstra Mobile Network, a mobile phone number, lets you make and receive calls, send and receive messages, and access mobile data.

Minimum Term

12 or 24 months

Monthly Calls

Your Monthly Calls are set out in the table above. Your Monthly Calls can be used in Australia for calls to standard Australian numbers, as well as most 11xx, 12xx, 13xx and 1800 numbers.

Monthly Data

All data expires at the end of the month and is not shareable. Data is for personal use in a smartphone only. Our FairPlay policy applies. Data is for use in Australia.

BYO handset

You can bring your own (BYO) Telstra Mobile Network compatible handset to take up a Plan. Telstra will be switching off 3G in 2024. Before switch off, you can use handsets supporting 3G on 850MHz and 4G minimally on 700MHz and 1800MHz. After switch off you'll still be able to access the Telstra Mobile Network if your handset is 4G voice enabled and 4G 700MHz compatible. See: tel.st/goodbye3G

Voucher

You may be eligible to receive a voucher purchase of goods from JB Hi-Fi or The Good Guys stores. It's not transferable or redeemable for cash (including any unused part). If you cancel, recontract or move to an ineligible plan then you'll need to pay a Voucher Reimbursement Cancellation Fee pro-rated against the remaining months on your Plan in addition to any Early Termination Charges set out in the above table and accessory payments.

No Excess Data Charges In Australia

Once you exceed your included data allowance, your speed will be capped at 1.5Mbps, and slowed further in busy periods. It's not suitable for HD video or high speed applications and means that some webpages, videos, social media content and files may take longer to load, but you can still stream video and music in SD, browse the web and access social media, even if the experience is slower sometimes. Heavy data users (users in the top 1% of all data users) may experience slower speeds than other users during busy periods.

What's not included

Your Monthly Inclusions can't be used overseas and don't include SMS or MMS to international numbers, premium numbers (e.g. 19xx numbers) and some satellite numbers, 1234, 12 455 and 12 456 numbers or content charges. Charges for all SMS and MMS not included in your Plan can be found at telstra.com/customer-terms. This plan is not compatible with Accessory Repayment Options.

Changes to your plan

From time to time we may make changes to your plan or add-ons (including price and inclusions), or we may move you to a new plan (which may cost more). If we reasonably think that a change is likely to be detrimental to you, we'll tell you at least 30 days before making it. If you don't like the change you can change or cancel your plan or add-ons and just pay out your services and vouchers in full.

Information about pricing

Refer to the Plan Cost table. If you use your mobile for things not included in your Plan or exceed your Monthly Data allowance, you'll have to pay more than the Minimum Monthly Charge set out in the Plan Cost table.

Calls and SMS to International numbers

Your Plan does not include an International Call and SMS allowance. The following charges apply:

- calls to international numbers – for call rates to overseas, see telstra.com.au/mobile-other-call-types
- SMS to international numbers – **50¢** per standard message sent per recipient; and
- MMS to international numbers – **75¢** per standard message sent per recipient.

Bill Payment Charges

- Paperless bills and electronic payments – **Free**
- Payments made in person or by mail – **Extra \$1.00**
- Set up Email Bill at telstra.com/emailbill

Some exemptions may apply. For details, visit telstra.com/billpay. To set up Direct Debit or for details on other bill payment options, visit telstra.com/billpay

What happens when I cancel my plan early?

You'll need to pay an Early Termination Charge (ETC) equal to 50% of your monthly fee for the months (or part months) remaining in your plan term. The maximum ETC for your plan is set out in the above table. In addition to this, you'll also need to reimburse Telstra for any vouchers you received for entering into your plan. This Voucher Reimbursement Cancellation Fee is pro-rated, equal to the total amount of the base voucher divided by 12 and multiplied by months (or part months) remaining in your plan term. This charge will appear on your Telstra bill, the maximum of which is also set out in the table.

Other information

Understanding my bill

When you start or change your plan part way through a billing period, your first bill will have part month charges. Your Order Estimate will breakdown these charges for you and provide you with your ongoing monthly charges after your first bill.

Call and mobile data usage information

You will be sent SMS alerts in near real-time when you reach 50%, 85% and 100% of your Monthly Data Allowance. We will also send you an alert if Extra Data is added to your service. See telstra.com/myusage on how to check your usage.

Using your service overseas

Unless you're re-contracting your existing service or have chosen to opt out, your Plan is automatically activated with International Roaming.

You have an International Day Pass activated, which for an additional \$10 per day lets you make and receive unlimited standard voice calls and SMS and includes 500MB data for use each day (AEST) when travelling in Eligible Roaming Countries. If you use more than your included data, we'll automatically add extra data to your service in blocks of 1GB for \$10. For more information see the International Day Pass Critical Information Summary. Calls/SMS/MMS will be charged at international roaming rates (refer to telstra.com/overseas) and mobile data at \$3 per MB (charged per KB or part) where you:

- use your mobile outside of Eligible Roaming Destinations
- choose to opt out of your International Day Pass.

For more information visit telstra.com/overseas or see the International Day Pass Critical Information Summary.

Visit telstra.com/manageirusage for information on spend management tools while you're overseas.

To de-activate International Roaming call us on 12 5109.

FairPlay Policy

You must comply with our FairPlay Policy and not use your service in an unacceptable, unreasonable or fraudulent manner, or in a way that detrimentally interferes with the integrity of, or causes significant congestion to, the network. We may take action if you breach the FairPlay Policy, including suspending or cancelling your service.
