

EV9273-70

# ROM II Reverse Osmosis System

Delivers premium quality RO water for drinking water applications

ROM II System: EV9273-75  
 S-101 Cartridge: EV9273-77  
 TFC Cartridge: EV9273-70

## BENEFITS

- Comprehensive water filtration and treatment technology delivers ultra clear, fresh, premium quality drinking water
- Reduces lead, nitrates, arsenic, and fluoride, plus reduces barium, cadmium, mercury, TDS and other dissolved solids and heavy metals
- Reduces chlorine taste and odor and other contaminants
- Reduces possible health hazards such as asbestos fibers and other potentially harmful contaminants, such as Cryptosporidium and Giardia Cysts
- Reduces scale build-up that can clog appliances
- Sanitary cartridge replacement is simple, quick and clean. Internal filter parts are never exposed to handling or contamination
- Compact, under-sink sizing
- NSF Certified under NSF Standard 58 and WQA Gold Seal validated

## INSTALLATION TIPS

- This system must be installed and maintained according to the manufacturer's instructions, including installation and replacement of filter cartridges
- Install vertically with cartridge hanging down
- Allow 2-1/2" clearance below the cartridges for easy cartridge replacement
- Flush system by running water through cartridges per Installation and Use manual

## OPERATION TIPS

- Change S-101 Cartridge (A) every 300 gallons or 6 months
- Change TFC Cartridge (B) every 2 years
- Always flush the filter cartridges at time of installation and cartridge change

## APPLICATION/SIZING

- For office water applications
- Nominal production rate: Varies depending on specific water conditions

# ROM II Reverse Osmosis System

## SPECIFICATIONS

**Overall System Dimensions:**

19-1/2"H x 8"W x 4"D

**Inlet connection:**

3/8" FPT

**Outlet connection:**

Quick Connect

**Pressure Requirements:**

40 psig -125 psig (2.8 – 8.6 bar)

**Maximum Temperature:**

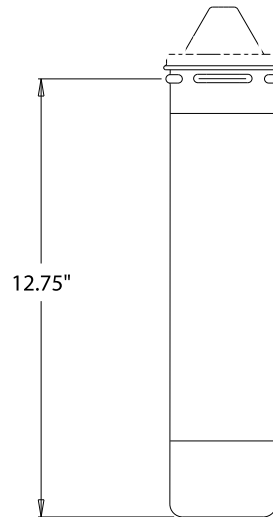

40°F - 100°F (4-38°C)

**Shipping Weight:**

9 lbs.

**Operating Weight:**

6 lbs.

## WARRANTY

Everpure water treatment systems (excluding replaceable elements) are covered by a limited warranty against defects in material and workmanship for a period of five years after date of purchase. Everpure replaceable elements (filter cartridges and water treatment cartridges) are covered by a limited warranty against defects in material and workmanship for a period of one year after date of purchase. See printed warranty for details. Everpure will provide a copy of the warranty upon request.

System Tested and Certified by NSF International against NSF/ANSI Standard 58 for the reduction of:

Arsenic, Barium, Cadmium, Copper, Cyst, Fluoride, Hexavalent Chromium, Lead, Nitrate/Nitrite, Radium 226/228, Selenium, TDS, Trivalent Chromium
