No sugar, preservatives, or additives	✓	SOME	✗	✗
Rigorously tested at every manufacturing step	✓	✗	✗	✗
Made in the USA	✓	SOME	HOPEFULLY	IDEALLY
Convenient delivery to your door	✓	FEW	✗	✗
Small-batch production		✗	✗	✗
Formulations that evolve as fast science	✓	✗	✗	✗

Our proprietary, natural capsules are comprised of Hypromellose and a water soluble carbohydrate which mean they survive relatively unscathed for up to 2 hours in the harsh stomach acid environment (where the probiotics die if released - like our competition), then dissolve quickly in the intestinal environment - where the bugs need to go to do their job.
