

Zelai Water was founded in 2012 with a passion for fresh and healthy water. Ibrahim purchased his first domestic RO system, installed it and instantly fell in love with the benefits. No more bottled water, no more rushing to the market, no more buying cases of water and moving it into the house, no more filling the recycle bin with bottles but most importantly, no more plastic bottles ending up in the oceans damaging the sea life no matter how much we "recycle".

Mehmet then joined with Ibrahim in 2018, sharing the same passion with Ibrahim but with a technical background and a vision to build a brand, which is where "Hommix" was born. Mehmet started working on the online presence such as the Hommix and Zelai Water websites; now serving customers from Australia to Costa Rica. Along with the websites, our products are also available on online marketplaces such as Wayfair, eBay and Amazon.

Ibrahim and Mehmet's professional approach along with friendly and kind personalities, as well as customer service has allowed Hommix / Zelai Water to grow with outstanding reviews on Google and Trustpliot. The team is now expanding with another friendly face, Cem, and more to come. We know that Hommix is going to become the prime location for satisfied customers to find exactly what they are looking for.

Zelai Su, 2012 yılında sağlıklı su tutkusu ile kurulmuştur.İbrahim ilk tezgahaltı RO sistemini satın aldı, kurdu ve anında faydalarına aşık oldu. Artık şişelenmiş su yok, markete acele etmek yok, kasa kasa su alıp eve taşımak yok, geri dönüşüm (Recycle) kurtusunu şişelerle doldurmak yok ama en önemlisi; ne kadar "Recycle" yaparsak yapalım, okyanuslara karışan plastik şişelerin deniz yaşamına zarar vermesine son.

Mehmet daha sonra 2018'de İbrahim'e katıldı, İbrahim ile aynı tutkuyu paylaşıyor, ancak teknik bir geçmişe ve "Hommix'in doğduğu bir marka yaratma vizyonuna sahip. Mehmet, Hommix ve Zelai Water web siteleri gibi çevrimiçi mevcudiyet üzerinde çalışmaya başladı; şimdi Avustralya'dan Kosta Rika'ya kadar müşterilere hizmet veriyor. Web sitelerinin yanı sıra ürünlerimiz Wayfair, eBay ve Amazon gibi çevrimiçi pazarlarda da mevcuttur.

İbrahim ve Mehmet'in profesyonel yaklaşımının yanı sıra güler yüzlü ve arkadaş canlısı kişlilkleri ve müşteri hizmetleri, Hommtx / Zelai Water'in Google ve Trustpilot'taki olağanüstü Revlew listesi büyümesini sağladı. Bkip şimdi başka bir dost yüzle, Cem ve daha fazlası ile genişliyor. Hommix'in, memnun müşterilerin tam olarak aradıklarını bulmaları için en önemli yer olacağını biliyoruz.

#### Hommix steRO 3-in-1 Self Sterilising Countertop Reverse Osmosis Filtration System

- Hot, Cold & Ambient Purified Water
- Easy Filter Replacements
- Auto Cleaning System
- Self Sterilisation of Tanks and Tubes Every Week

# Hommix espressRO 5-in-1 Countertop Reverse Osmosis Filtration System with Coffee & Ice

- Hot, Cold & Ambient Purified Water + Coffee and Ice
- Easy Filter Replacements
- Auto Cleaning System
- Make beautiful coffee or iced coffee instantly
- Bio-degradable Coffee Pods
- Built-in Sterilizer for automatic & manual sterilizing
- · ACS automatically cleans inside the machine everyday

#### Hommix puRO Ambient Reverse Osmosis Filtration System

- Elegant, Modern & Slim Minimalistic Design
- 4 Stage Reverse Osmosis Filtration Removing Heavy Metals, Bacteria and more!
- Perfect for Small Apartments Saving Valuable Kitchen Space
- Takes Up Minimal Space with its Compact Size (Only 22cm Wide)
- Convenient Preset Volumes of Water (150ml / 500ml / 1L)
- Continuous Water Flow with the Touch of a Button
- Dimensions: 22cm (W) x 42.5cm (D) x 42cm (H)
- Minimum Pressure: 1.3Bar (20 PSI) | Maximum Pressure: 7Bar (100 PSI)

### Hommix ROsmo 3-in-1 Countertop Reverse Osmosis Filtration System

- 3-in-1 Reverse Osmosis Filtration System (Hot, Cold and Ambient Water)
- Convenient Preset Volumes of Water (150ml / 300ml / 600ml)
- Easy and Low Cost Maintenance
- Takes Up Minimal Space with its Compact Size (Only 29cm Wide)
- Auto Cleaning System (ACS)
- Extended Water Dispensing Space (24.5cm to Easily Fill Bottles and Jugs)
- Dimensions: 29cm (W) x 52cm (D) x 47.5cm (H)
- Minimum Pressure: 1.3Bar (20 PSI) | Maximum Pressure: 7Bar (100 PSI)

#### Hommix neRO 3-in-1 Grey Countertop Reverse Osmosis Filtration System

- 3-in-1 Reverse Osmosis Filtration System (Hot, Cold and Ambient Water)
- Convenient Preset dispensing 500ml, ideal to fill up jugs and reusable water bottles
- Easy and Low Cost Maintenance
- Takes Up Minimal Space with its Compact Size (Only 29cm Wide)
- Auto Cleaning System (ACS)
- Extended Water Dispensing Space (24.5cm to Easily Fill Bottles and Jugs)
- Dimensions: 29cm (W) x 49.7cm (D) x 47.5cm (H)
- Minimum Pressure: 1.3Bar (20 PSI) | Maximum Pressure: 7Bar (100 PSI)

#### Hommix spaRO 5-in-1 Countertop Reverse Osmosis Filtration System + UV

- 5-in-1 Filtration System (Sparkling, Hot, Cold and Ambient Water + Ice)
- 5 Stages of Purification with Reverse Osmosis and UV
- Integrated Child Safety Lock to Protect the Family from Accidents
- Auto Cleaning System (ACS)
- Easy and Low Cost Maintenance
- Single Touch Sparkling Water Dispenser
- Dimensions: 29cm (W) x 52cm (D) x 47.5cm (H)
- Minimum Pressure: 1.3Bar (20 PSI) | Maximum Pressure: 7Bar (100 PSI)

#### Kinetico K10 Direct Flow 600GPD Low Rejection Reverse Osmosis Under Sink Water Filter System

- · Very Compact; Fits Neatly in the Unit Underneath the Sink
- Simplest Alter Replacements: No Need for a Plumber and Only Takes SECONDS.
- High Water Flow Rate (15L per minute)
- Very Low Water Rejection Rate Saving You Money on Bills (ONLY 0.7L of Waste Water for 1L of Pure Water)
- Stylish & Elegant Design to Suit All Kitchen Units
- Removes Fluoride, THMs, Limescale, Chlorine, Hormones and Improves Taste & Odour to name a few!
- Large Membrane Capacity (600 Gallons Per Day)
- Digital System with Leak Detection, Auto Flushing, LED Status / Filter Indicators and more!

#### Hommix M800 Pumped 6 stage RO Under Sink Drinking Water Filter System with Alkaline PH

- Includes Diaphragm pump for low water pressure properties
- Inline Push-fit filters makes filter replacements an ease
- · Neat and Tidy
- Automatic Shut-off Valve
- Flow Restrictor, Stainless Steel Check Valve
- Food water connector, deliver valve & Drain Saddle Valve
- Quick-connect fitting for easy installation
- Completely Assembled & Water leaking testing
- 100% Factory Tested and Sterilised Ready for Installation

Rubineta have shown excellence in the quality of all their products with both the finish and the parts. The Ultima-50 stands out in the kitchen and gives its surroundings an elegant and modern look.

The Ultima-50 has Fliesser's flexible 60 cm hoses. Such hoses are made from AISI 304 stainless steel or polyester braid with inner tube from PeX. Produced in compliance with the newest European Norm EN 13618:2016.

Made only using high quality brass

The Ultima-50 is supplied with Kerox cartridge. Kerox is the world leading manufacturer of cartridges. Top quality and constant development, ensuring the best performance for any faucet. 25 mm cartridge.

Single water dispensers are generally used for dispensing filtered water, cold hard water for properties with salt based water softeners installed. These taps are also used in gyms for dispensing filtered water.

Whether you're browsing to find a new tap for your existing one with a modern unique design or simply would like a replacement, we have you covered.

All of our single water dispensing taps come with all the parts for assembly and 1/4" tube connections; our Hommix Vasto and Cento models include both 3/8" connections as well as 1/4" connections for your convenience.

Rubineta not only produce world class Kitchen Mixers, but also Basin Taps. The Rubineta Modena and Aero are the current bestsellers but we are constantly improving our range. Be sure to check our website for updates.

At Hommix we try to cater for every trade, due to the trust we have gained and the promise we've made, we're happy to introduce the all new Hommix Udine Collection, a range of the highest quality stainless steel commercial pre-rinse taps.

The Hommix Udine catering / commercial taps are made from high quality durable & strengthened 304 stainless steel with a extremely high flow rate of up to 150kg/s.
