The Collaboration

AllSfär collaborated with MF Design Studio to create an acoustic collection that inspires. Through vibrant colours and dynamic patterns, we look to bring character, fun and energy to any space.

Three colour collections; rejuvenate, refresh and refine, are all designed to complement warm, contemporary interiors.

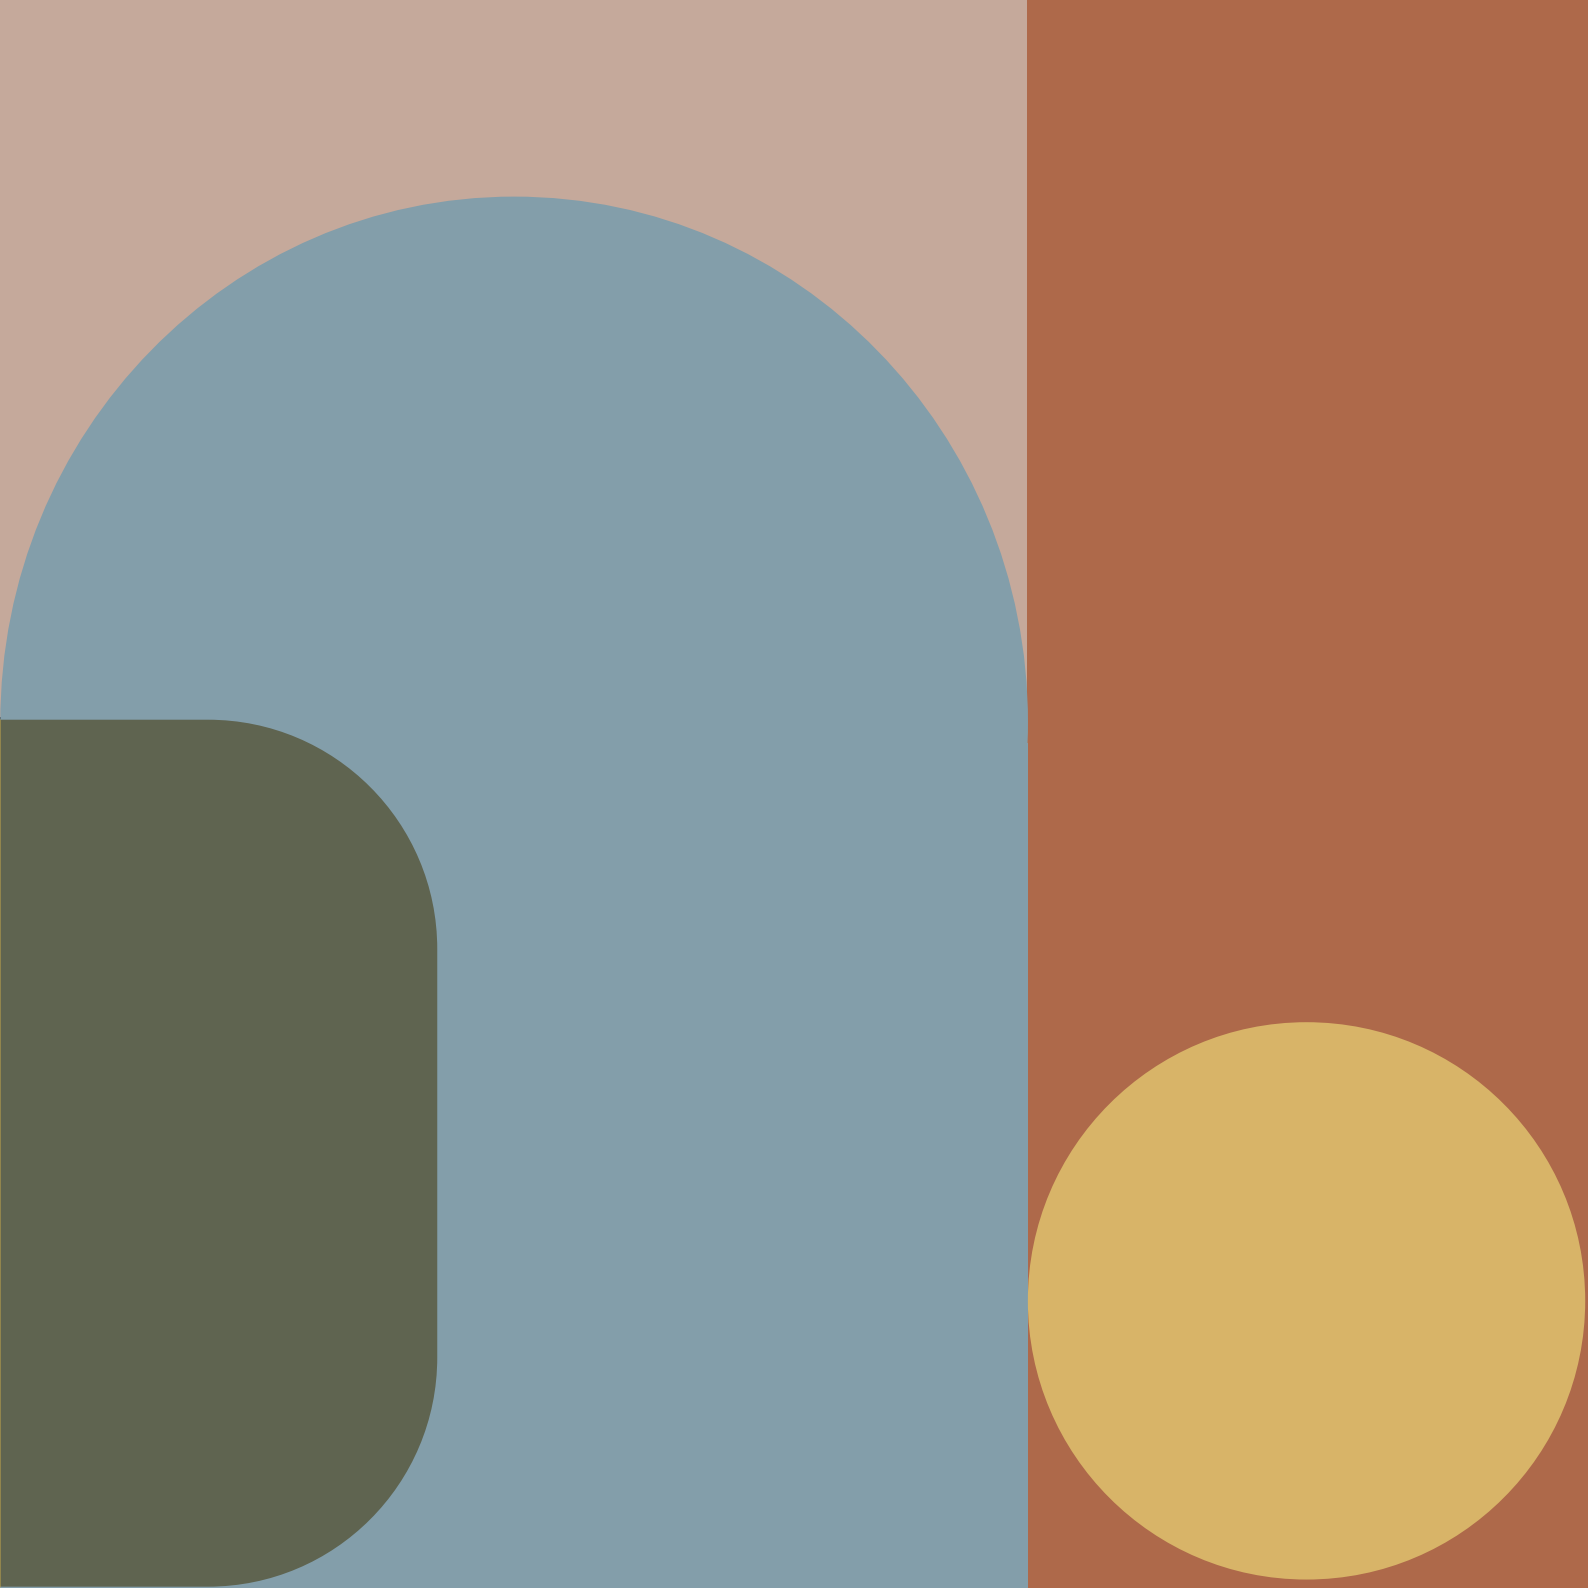

And with three pattern ranges; Rhythmic, linear and sculpted, there are plenty of combinations to explore.

Rejuvenate Palette

Rejuvenate Palette is the choice for designers who want to bring joy, energy and movement into their space. Harvest gold is the desirable pick for current trends, along with terracotta. River is a cool blue, it contrasts the warmth of the other tones.

3. ROOTED

Origin, Structured and Rooted are inspired by wall panelling, a design element that has a rich history in interior design, evolving over the centuries to reflect changing architectural styles, materials, and cultural preferences. In this collection we reinvented the wall panelling concept using it not only for decorative purposes but also for enhancing the acoustic performance and aesthetics in a space
