

Ranger Plate Carriers are designed and manufactured in the USA according to strict quality guidelines using state of the art manufacturing equipment and processes. Built to exceed military and law enforcement standards, the Ranger Plate Carrier is high quality and the most cost effective solution on the market today. Look no further, there is no comparison to the Ranger Plate Carriers when it comes to cost, performance and weight.

Ranger Plate Carriers are designed to protect the operator from shrapnel threats of all types, high velocity handgun and/or rifle threats based on the level of armor insert chosen. These carriers are manufactured to hold various shapes, sizes and curvatures of CW Armor™ brand hard plates and soft armor panels. Ranger carriers are available with or without level IIIA soft panels. The primary design is for basic ballistic protection with an option to deploy a rifle plate for short periods in situations where more ballistic protection is needed. Ranger Plate Carriers are manufactured in a variety of unique designs for fire, rescue, training, covert, tactical and everyday operations or deployments.

The Ranger ERT is our premium plate carrier and is a complete modular solution for elite members of our military and law enforcement in need of a system that can be interchanged before or during tactical responses and deployment operations. Ranger ERT carriers are designed to hold a variety of sizes, shapes and curvatures of hard armor plates that are used to protect from high velocity handgun and rifle threats including shrapnel threats of all types based on desired level of protection. The Ranger ERT is designed to fit CW Armor™ ballistic plates, both soft and hard. The Ranger ERT is an elite carrier that has a front and back plate pocket covered in MOLLE webbing. It is designed with ergonomic features and adjustable padded shoulder straps for durability and comfort. The Ranger ERT is fully customizable with your option for front, back, side, groin, deltoid, neck and yoke ballistic protection.
