

EXAM ROOM TABLES

All 4200 Series exam tables have metal pass-through drawers rather than the typical plastic, so items can be accessed on both sides.

The stirrups have a five-position continuous lock, the most in the industry. A procedure tray is independent of the leg rest and may be accessed easily at any time. An all-metal construction for the base table provides longevity and recyclability.

- Three Pass Through Drawers
- Two Storage Drawers
- Pull-Out Leg Rest with Integrated Treatment Tray
- Five Position Continuous Lock Stirrups
- Powder Coat Finish - Foghorn
- Pelvic Tilt

Exam Table with Three Pass-Through Drawers and Two Storage Drawers and Stirrups
