

DISCLAIMER

CPR Wrap is available in infant, child and adult sizes. Correct size must be used. CPR Wrap is made with PVC, a medical-grade plastic, and a mouthpiece that is sanitary and ready to use. The adult CPR Wrap is 15" wide by 31.5" high. The product can be AED compatible and stored with a defibrillator.*

AGREEMENT FOR USE

In no event shall The CPR Wrap Company be liable for any direct, indirect, punitive, incidental, special or consequential damages to property or life whatsoever arising out of or connected with the use or misuse of its products. CPR Wrap is not able to prevent death in all circumstances. CPR Wrap does not replace or claim to replace necessary treatment by a medical professional. During CPR Wrap use, it is advised to seek medical assistance when possible. After CPR Wrap use, it is advised to seek medical assistance for follow-up care.

WARNING: CHOKING HAZARD

This product contains small parts. Children under the age of three could choke on small parts if detached from CPR Wrap. Children under the age of eight could choke on material of CPR Wrap if used improperly, put in mouth, broken or torn. CPR Wrap is not a toy.

WARNING: SUFFOCATION HAZARD

To avoid danger of suffocation, keep away from infants and children. Do not use or store in cribs, beds, carriages or playpens. CPR Wrap is not a toy.

*Product in current packaging has capability of easily becoming AED compatible.
