

Certificate of Compliance and Crashworthiness

Certificate Number PLAS017C

Plasticade SAFETYCADE Type I and II and Direction Indicator Barricade

Plasticade Products certifies that the Plasticade SAFETYCADE Type I and II and Direction Indicator Barricade meets or exceeds Part 6 of the Manual on Uniform Traffic Control Devices (MUTCD) 2009 Edition, Section 6F.

We also certify that the Plasticade SAFETYCADE Type I and II and Direction Indicator Barricade meets or exceeds the National Cooperative Highway Research Program (NCHRP) Report 350, Category 2, issued by the Federal Highway Administration (FHWA) and it is deemed compliant per WZ-80 and WZ-326. This includes the use of lights.

The Plasticade SAFETYCADE Type I and II and Direction Indicator Barricade is deemed to be "crash worthy" under the guidelines stated above.

In addition, the SAFETYCADE Type I and Type II and Direction Indicator Barricade meets the New Mexico Standard Specifications for Highway and Bridge Construction, 2014 Edition, Section 702.2.2 and Section 702.2.2.1.

This certificate shall not be reproduced except in full.
