NEXT GENERATION HEAD PROTECTION

EVO® VISTAlens™

Features integrated eye protection that offers a unobstructed panoramic view with minimal distortion. The fully adjustable protector is effortless to retract and deploy. Pivot points allow the wearer to adjust the protector position maximizing coverage and protection.

EVO® VISTAshield™

Features an integrated visor with A-rated impact protection offers a unobstructed panoramic view with minimal distortion. The fully adjustable visor is effortless to retract and deploy. Pivot points on the durable faceshield frame allow the wearer to adjust the faceshield position maximizing coverage and protection.

FULLY ADJUSTABLE

The EVO® VISTA™ pivots smoothly, allowing the wearer to adjust the faceshield position and maximizing coverage and protection.

COVERAGE

EVO® VISTA™ has been designed to maximize facial coverage, and is compact so it does not compromise wearer movement.

VENTILATION*

The shell is dual vented to increase comfort and allow a cooling air flow, reducing helmet temperature by an average 4-6 degrees.

NOISIV

The integrated visor offers a panoramic view with minimal distortion. Conforms to both ANSI 287.1+ and EN166.1.AT

COMPATIBILITY

EVO® VISTA™ has been designed to work with a variety of eye protection, respiratory protection and hearing protection PPE

COMFORT

A 6-point terylene cradle suspension system & Egyptian cotton Chamlon™ sweatband offers unrivaled comfort.

SAFETY CELL

The safety cell concept prevents ricocheting debris traveling up the eyewear and impacting the scalp. In addition, the face shield cannot make contact with the scalp, preventing injury should it be forced back onto the safety cell.

FULLY RETRACTABLE

Premium comfort with eye and face protection
