PAKEDGE   6414
WX-1

The WX-1 is a blazing fast 802.11ac AP that boasts three stream MIMO radio configuration for five times more speed and four times more bandwidth. In addition to suitability for high-end residential installations, it's plenum rated and commercial ready. Pakedge offers this AC AP in every form factor.

PANTECH DESIGN   8026
ADAPT Software Suite

ADAPT is a set of tools designed to simplify programming for Crestron home automation systems. It includes a suite of SIMPL Windows modules, user interface templates, and a System Manager application that lets integrators customize each system on the fly. The ADAPT user interface templates are complete VisionTools Pro-e projects that can be used straight out of the box or customized in VT Pro-e to your personal flavor.
PEERLESS-AV   7624
Xtreme Outdoor Soundbar

Producing full range audio (50Hz-20kHz) ideal for homeowners looking to maximize their outdoor audio experience, the Xtreme Outdoor Soundbar is the only powered outdoor soundbar on the market. It features 60W of power, Bluetooth compatibility, an IP65 rating and universal mounting capabilities.

PLANAR   3700
DirectLight LED Video Wall System

The DirectLight LED video wall system combines a proprietary, advanced design across a choice of four resolutions ranging from 1.6 to 3.1 millimeter pitch, providing exceptional visual performance, thin mounting depth, precise alignment, mission-critical reliability and adaptability to different customer uses. Moreover, Planar DirectLight LED video walls are suitable for demanding 24x7 indoor applications.

PLATINUM TOOLS   2910
Tone and Probe Set

With the Tools Tone and Probe Set's steady tone, push-to-scan button, and a clear loudspeaker, cable locations on jacks or through walls can quickly be traced and identified. Wire bundles are easily penetrated with the tapered probe tip and the probe volume is controlled with a thumbwheel.

PRIMACOUSTIC   6618
Paintables Clouds

Paintables Clouds is a new series of high performance acoustic panels you can paint. Introducing the circular Cirrus, the hexagonal Hexus and the square Altos. Panels are factory painted on all sides in Absolute White latex and ready for mounting. Lightly spray paint the panels on-site to color-match the decor without affecting the acoustical performance.

PRO CONTROL   5746
Z-Wave Light Switches

Pro Control's all-new Z-Wave lighting control solutions allow users to easily manage lighting elements locally and from the convenience of a Pro Control interface. Perfect for new construction and retrofits, the product line consists of light switches, dimmers, a lamp module and receptacles, and requires no new or specialized wiring.

RTI   5742
Intercom Capability

Perfect for front doors, gates, delivery docks, and intra-office settings, RTI's new intercom capability adds convenience and security to any commercial or residential automation system, allowing users to check entrance points without opening the door. Features include auto answer, device-to-device calling and "push-to-talk" mode. Future updates will enable video calling.

## REVEL   4112
XC Series Loudspeakers

C383XC and C363XC extreme climate flush-mount loudspeakers are designed to deliver high-performance sound in hot, cold, damp, humid or wet locations. The XC series is ideal for indoor locations such as showers and saunas, as well as outdoor locations including decks and screened porches. Both models are resistant to corrosion from salt water and can be deployed in marine applications such as high-end yachts.

RUSSOUND   3715
XSource Streaming Audio Player

The XSource Streaming Audio Player is a multi-use streaming media solution with a tiny form factor for easy integration with external amplifiers or whole-house receivers. Designed for scalability, the XSource is the ideal streaming media solution for custom installation professionals and their customers.
