

# CE FEATURE

## 2014 CE PRO BEST AWARDS

### BEST APP

#### Control4 Composer Express

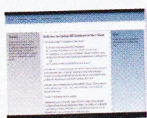

Composer Express for iOS and Android is a powerful, portable systems configuration tool for Control4 dealers, which will simplify and accelerate the setup

process for home and business automation systems. Free, [control4.com](http://control4.com)

### RUNNERS-UP

**Crestron Pyng**  
Free, [crestron.com](http://crestron.com)

**Global Cache Global Cache IR Database in the Cloud**  
Free, [globalcache.com](http://globalcache.com)

**Telguard HomeControl**  
Free, [telguard.com](http://telguard.com)

### CENTRAL VACUUM

#### H-P Products Vroom Garage Vac

The Vroom Garage Vac is equipped with a 40-foot expandable hose and powerful 12-amp motor for tackling hard to reach messes. Needing only 2.5 square feet of wall space, the Vroom Garage Vac can be installed virtually anywhere. \$249 to \$275, [h-pproducts.com](http://h-pproducts.com)

### DIGITAL PHONE SYSTEM/ DEDICATED INTERCOM/CELLULAR SIGNAL BOOSTER

#### Nextivity Cel-Fi Pro

Cel-Fi Pro, Nextivity's third-generation all-digital LTE and UMTS smart signal booster, addresses poor indoor cellular coverage. It is the first all-digital booster on the market and a true plug-and-play booster: no cables or antennas are necessary. \$695, [cel-fi.com](http://cel-fi.com)

### RUNNER-UP

**SureCall Fusion5 Cellular Signal Booster**  
\$1,800, [surecall.com](http://surecall.com)

### HOME NETWORKING DEVICE

#### Pakedge Device & Software BakPak Cloud Management System

The BakPak Cloud Management System presents the capability to remotely and

securely monitor, manage and maintain client networks via smartphone or web browser. This enables the development of a managed networking management service with a recurring revenue stream. \$1,000, [pakedge.com](http://pakedge.com)

### RUNNERS-UP

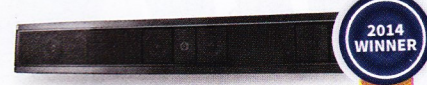

**Luxul 300N Wireless Controller System**  
\$699, [luxul.com](http://luxul.com)
