The SmartMount Supreme full service video wall mount features new lateral micro-adjustments, convenient serviceability with a pop-out mechanism, and usability in both portrait and landscape orientations.

Starin Booth C5634

Get ready for Starin and A Systems.

House of worship media leaders want to i-mag, capture or stream the pastor, priest or performer. School athletic departments want to reach fans far from the stadium or gymnasium, or document for the team. Live venues like these want cost effective video in an easy to operate format, and A Systems is the answer.

Scaling, Multi-viewer, On-board recording and playback, CatX transceivers to cameras and camera controller just begin to make these the powerful affordable workhorses. A companion MK20HD PTZ camera and streaming output make it a one-man control center. Best of all, it's intuitive!

Stop by the Starin booth C5634 at InfoComm 2016 to see the A Systems A880 switcher in action, and talk to a Starin expert about A Systems.
