

# Peerless-AV Shows New All-in-One Kiosk Powered by BrightSign

**BOOTH 3429** Peerless-AV is showcasing the second generation of its award-winning All-in-One Portrait Kiosk Powered by BrightSign at InfoComm 2019. Featuring a BrightSign XT1144 Expanded I/O Player, the kiosk is ideal for a variety of digital signage applications including retail, corporate, hospitality, transportation, education and more.

**Peerless-AV's All-in-One Portrait Kiosk powered by BrightSign**

This newest iteration of the kiosk delivers flawless full HD 1080p60 single video decoding, HTML support, networked content playback, as well as an abundant set of features like interactivity via the GPIO port, remote snapshot, live text, media feeds and multi-zone. The commercial LCD display offers 10 points of IR touch, allowing users to fully interact and engage with any digital content being shown. The kiosk's sleek, stylish and thinner design offers the ruggedness needed for public use.

The new ARCS A15 and A10 systems and companion sub KS21 deliver L-Acoustics concert performance and reliability for audiences from 50 to 5,000 in an approachable, compact format.

# L-Acoustics Features New ARCS Family

**BOOTH 6867** L-Acoustics' new ARCS A15 and A10 systems and companion sub KS21 deliver L-Acoustics concert performance and reliability for audiences from 50 to 5,000 in an approachable, compact format that offers unlimited versatility and ease of use. With the launch of the new ARCS product range, L-Acoustics introduces a new charter agreement offering rental partners meeting the ARCS standard system requirements the opportunity to join the official L-Acoustics rental network.

The ARCS family comprises four constant curvature enclosures—A15 Focus, A15 Wide, A10 Focus, A10 Wide—and a dedicated subwoofer, KS21.
