

Peerless-AV® Showcases Outdoor TVs, Kiosks, Carts, and Mounts at HITEC 2016, Booth 1510

Solutions offer flexible design options for entertainment and communication in hotels

NEW ORLEANS – June 20, 2016 – Peerless-AV®, the leader in innovative AV and digital signage solutions, is pleased to be showcasing its outdoor displays, kiosks, carts, and mounts at HITEC 2016, Booth 1510.

From easing the hotel check-in process to providing entertainment, wayfinding, and more, Peerless-AV's solutions offer the versatility, security, and design required to seamlessly align with the décor of each and every space. Solutions ideal for hospitality venues, including hotels, restaurants, bars, clubs, and resorts, on display include:

Xtreme™ Outdoor Daylight Readable Display: Peerless-AV's Xtreme™ Outdoor Displays offer a unique experience for guests, while providing a maintenance-free solution for hospitality staff. The displays are easily readable at any time of day and feature a slim design, adding a modern look to lobbies, bars, and restaurants. With a patented Dynamic Thermal Transfer™ system, these weatherproof displays can withstand harsh temperatures ranging from extreme heat to bitter cold. Plus, thanks to the fully sealed nature of the displays, the solution can be placed anywhere – from the pool area in a hotel to an outdoor dining section of a restaurant. The Xtreme™ Outdoor Displays are available in 47" and 55".

Landscape Kiosk Enclosure: Peerless-AV's diverse line of kiosk enclosures include in-wall and on-wall, floor standing, and Xtreme™ outdoor solutions that support displays ranging from 40"-55". On display at HITEC will be the Landscape Kiosk Enclosure for ultra thin 42" displays. In hospitality applications, in particular, Peerless-AV's kiosks offer versatility with features uses including wayfinding, managing activities, and hotel check-in/out – streamlining processes and providing entertainment and engagement for guests.

SmartMount® Flat Panel Cart: Peerless-AV's carts are cost-effective, safe, and aesthetically pleasing. In lieu of purchasing multiple displays for multiple rooms, hotels can order one display and create a mobile solution, saving time and money, while making communication and entertainment a breeze. The carts are UL® tested and certified, ensuring safe mobility without the fear of tipping or structural failure.

Pull-Out Pivot Wall Mount: The ideal solution for hotel room TVs where versatility and guest satisfaction is a must, Peerless-AV's Pull-Out Pivot Wall Mount combines the best of Peerless-AV design into a contemporary lightweight option. With 30

degrees of built-in swivel, the Pull-Out Pivot Wall Mount is essential for mounting TVs on-wall or in recessed walls/in-furniture applications in hotel rooms. Guests will enjoy the perfect viewing angle while hotel owners will appreciate its VESA® compliance and accommodation of virtually any flat panel display up to 60lbs. Equipped with functionality, clean aesthetics, versatile installation, and endless display compatibility options, the Pull-Out Pivot Wall Mount is the ideal solution for any hospitality application.

Peerless-AV's Xtreme™ Outdoor TV, kiosks, carts, and mounts are available via Peerless-AV direct sales representatives and authorized distribution networks.
