Only RFT offers a one-stop-shop for all drive-thru needs with substantial savings backed by exceptional customer service and top-notch technical support. More Than Just Drive Thru...A Total Solutions Provider.

## Techknow

393 Mayfield Rd.  
Duncan, SC 29334  
800-427-1166  
[www.gotechknow.com](http://www.gotechknow.com)

Techknow was established in 1994 with the goal of increasing quick-service restaurant profitability by improving drive-thru performance. This led to the development of our first order confirmation board. With a continued focus on quick-service restaurants within the limited service restaurant (LSR) market, the company's product line has now expanded to include timers, front counter systems, and an array of cloud-based software products. Our cloud-based products allow management to remotely monitor and control order confirmation boards and timers.

## The Howard Company

1375 North Barker Rd.  
Brookfield, WI 53045  
800-782-6222  
[www.howardcompany.com](http://www.howardcompany.com)

Founded in 1950, The Howard Company, Inc. and its brands specialize in the design and manufacture of point-of-purchase displays, menuboards, and graphics for the foodservice industry. The employee-owned company also serves domestic and international markets in foodservice, beverage, and financial trades, and targeted retail industries such as hardware, automotive, and home center displays.

## UniStructures

8540 Cobb Center Dr., Suite 100  
Kennesaw, GA 30152  
800-386-9864  
[www.unistructures.com](http://www.unistructures.com)

Founded in Kennesaw, Georgia, in 1995, UniStructures services the quick-service restaurant industry and is the go-to expert for innovative drive-thru solutions. UniStructures patented and introduced the original pivoting order point canopy system and component building awnings to the quick-service restaurant vertical. Both innovations continue to reduce costs for the quick-service restaurant and increase overall customer satisfaction. USI works one-on-one with more than 50 individual brands to create unique drive-thru component solutions that promote the brand image. USI now offers interior and exterior menuboard options that can be converted from translite to digital onsite at the quick-service restaurant in minutes.
