

PEERLESS-AV SMARTMOUNT SUPREME FULL SERVICE VIDEO WALL MOUNT WITH QUICK RELEASE

Peerless-AV's newest video wall mount, the SmartMount Supreme Full Service Video Wall Mount with Quick Release (DS-VW775-QR), offers innovative, time-saving installation and maintenance features, including tool-less micro adjustment, easy hang wall plate, quick release mechanism, and reusable spacers for both portrait and landscape applications. With the addition of tool-less lateral micro-adjustment, the DS-VW775-QR offers 1.5in. of fine tune adjustment on each of the X, Y, and Z axes. The mount also features prominently colored adjustment knobs that can be easily located by installers during set-up and future video wall maintenance visits. Plus, serviceability is easier with the press to release pop-out feature, providing quick and convenient access to a recessed display without searching for hidden pull strings.

VIDEO MOUNT PRODUCTS SCM-1 SUSPENDED CEILING ADAPTOR

The Video Mount Products SCM-1 Suspended Ceiling Adaptor is a suspended ceiling tray for ceiling mounts that can be used with any VMP ceiling mount or any ceiling mount using 1.5in. NPT pipe. It can be used to support projectors, flat panels, or CCTV under 75 lbs. Tie wire, turnbuckles and attachment hardware are included.

SUNBRITETV ULTRA PRO SERIES SB-8418UHD

SunBriteTV's Ultra Pro Series SB-8418UHD 4K Ultra HD display includes weatherproof outdoor televisions and displays, the largest screen size ever, and is the company's first 4K Ultra HD model. The display features an 800-nit panel for direct-sunlight-readability and the weatherproof expanded media bay in the back keeps hardware secure and safe from the elements.

LG UM3C SERIES

The LG UM3C Series has been designed to deliver Ultra HD content across large screens, providing clear images, vivid video, and crisp text. The UM3C Series supports a divided content layout to show up to four split images on one screen, allowing users to effectively deliver different messages at the same time. The UM3C Series is built for spaces such as meeting rooms, hotel lobbies and public spaces. The UM3C has also been Crestron Connected Certified, providing easy connectivity and management in office environments.

PLANAR ULTRARES SERIES 4K LCD DISPLAY

The Planar UltraRes Series 4K LCD display line is designed for ultra-high resolution commercial applications. The next-generation models also retain many of the high-value features offered by the first-generation PlanarUltraRes Series, including Ultra HD image performance, the ultra-slim Planar Profile Mounting System, efficient power management and optional multi-touch interactivity. Available in 98in., 86in., and a new 75in. diagonal, the latest generation of Planar UltraRes Series includes built-in Planar MediaPlex Plus Processing for enhanced versatility and control of multi-source viewing. It also offers support for native 4K resolution at up to 60Hz that can be driven via single-cable HDMI 2.0 or DisplayPort 1.2.

PANASONIC TH-55VF

The Panasonic TH-55VF features a 1.8 mm bezel-to-bezel distance, 700 cd/m2 brightness, and an anti-glare IPS panel. Its reliability is backed by a guaranteed 24/7 operation and Failover-Failback functionality, which automatically prevents black-out screens. It has a built in USB media player and DigitalLink, which allows video/audio/control signals to be daisy-chained over a CAT6E. Additionally, calibration takes just minutes with TY-VUK10
