## NEWS

### 22 THE FUTURE OF ISE

In case you (somehow) haven't heard, ISE is moving. Mike Blackman discusses the show's 2021 switch to Barcelona. *by Michael Garwood*

## PEOPLE

### 30 IN THE TRENCHES

Meyer Sound demos its musical Spatial Sound capabilities at Jazz at Lincoln Center. *by Anthony Savona*

## TECHNOLOGY

### 44 EVENTFUL SHOPPING

Retailers are discovering that a simple screen with marketing messages is not enough—next-gen shoppers have higher expectations about the way they experience screens in all environments. *by Mary Bakija*

### 46 IDEATING THE BIGGER PICTURE

How AV integrators, installers, and consultants can specify and sell more collaboration solutions by understanding customer nuances. *by Cindy Davis*

## FEATURES

### 36 | 2018 BEST PRACTICES

Some of SCN's Top 50 integrators and friends share their knowledge on the industry's hottest topics. *by Megan A. Dutta*

### 38 | SIGNING IN

AV design and integration companies stand to benefit as corporate campuses, banks, government agencies, and public and commercial transport bodies all explore how digital signage—specifically, interactive displays—can assist in the distribution of advertising, entertainment, and information. *by Carolyn Heinze*

## VIEWPOINT

### 58 FROM SERVICE TO SALES

Customers whose problems are satisfactorily resolved subsequently spend more than those who did not have a problem and quantumly more than those whose problems are not properly handled. *by John Larson*
