SMARTMOUNT®

# Pop-Out Wall Mount
for Direct View LED Displays

The Universal Modular LED Wall Mounting System features a quick and easy pop-out mechanism that can be adapted to support various brand and display sizes. The pop-out mechanism extends the mount out from the wall, providing ample space for ease-of-use and maintenance of LED displays. Its universal design can be easily configured to support most LED brands and sizes by simply changing out display-specific adapter plates. The mounting system's easy hang wall plate enables a fast, trouble-free installation, and handles on either side of the mount provide easy mount articulation without the risk of damage to the LED display. In addition, integrated cable management allows for a clean finish.

UNIVERSAL POP-OUT DESIGN
Easily configured to support most LED brands and sizes by simply changing out display-specific adapter plates

- Clean and aesthetically pleasing installation based on a slim, space-saving design

- Integrated micro-adjustments allow the entire video wall to be plumb adjusted once all the LED displays are installed

- Integrated cable management allows for a clean finish

- Flat Wall Mounting System (DS-LEDF) also available

EASY HANG WALL PLATE
Enables a fast, trouble-free installation

CONVENIENT SERVICE ACCESS
Pop-out mechanism extends the mount 30 inches from the wall, providing ample space for a technician to service and maintain the LED displays

Flat Wall Mount also available
