

"AM I WASTING MY TIME?"

W n M Ronnie Taheny © Mar 9th 2015

V1

Looking over the rainbow, I'm smart enough to know
What's bent can't be broken, what's meant won't go by.
It's that sky-wheel that's moving, I'm hopefully proving
Cos I'm lying still but a shift, I feel.

LU 1

And you know it's gonna keep on shifting.
Cut loose and I find I'm drifting
On a path that's heading for disaster
Like a child living happy ever after.
I'm a fool to think I am the central thing
In a place where only I can be in.
Could there be something even better?
I wanna know...

Chor.

Am I wasting my time, am I losing my mind over you?

V2

If I wasn't so dizzy, maybe I'd find me
Some star I could follow, some course to hold to.
There's some force-field lurking and it's got me stirring
Something's uncurling where my heart once grew.

LU 2

But you know it's gonna keep on beating
Make the most of a fleeting feeling
Not as if I was a-looking or a-finding
Christ knows there has to be a silver lining.
I'm a fool to think I am the central thing
In a place where only I can be in.
Could there be something even better?
I wanna know...

Chor as above.

LU 3

Can't say I even know if this is real
Is it in my head or is it what I feel?
Caught off-guard, not of my choosing.
If it wasn't me it'd be amusing
I'm a fool to think I am the central thing
In a place where only I can be in.
Could there be something even better?
I wanna know...
