# LED Light Bar for MCT Tablets

*MCT-LED1-OPT*

LED Light Bars are sold individually and are typically installed in pairs on the left and right side. It is possible to install one on the bottom of the tablet as well.

Add Red / Green / Yellow side-view LEDs to make the perfect conference room sign or attention grabbing digital signage installation.  LEDs are controllable via Android APK, HTML locally, or remotely across your IP network.

**Applications:**

• Conference room scheduling and availability
