

## Magnetic Card Reader for Tablets

MCT-MSR1-OPT

### For use with the MCT line of tablets.

- MCT-70HPQ can accept any one module
- MCT-10HPQ and MCT-156HPQ can accept any 3 modules

Magnetic card reader is suitable for reading cards with a magnetic stripe easily and quickly. It has bi-directional card reading.

The Magnetic Card Reader Module uses MagneSafe's engine and is a compact magnetic stripe card reader that conforms to ISO standards.

In addition to reading multiple tracks of data from a card, the Reader also includes MagnePrint technology.

In order to maximize card security, the Reader incorporates DUKPT data encryption within the head to protect the card contents and MagnePrint information from the point of swipe.
