

# 32" Outdoor Touch or Non-Touch, IP65 Rated, High Bright Display, with Audio, HDMI

MOD-32080H - Non Touch

MOD-32080CH - Capacitive Touch

## 32" Outdoor Display

Durable, reliable and beautifully vibrant, this small format outdoor display works at an extended temperature range making it ideal year round, no matter the temperature. To protect from the elements, ranging from water, moisture, sand, dust and insects, this commercial display is IP65 rated, allowing for hard use in nearly every weather condition. This display offers stunning, clear, crisp and easy to see visuals both in sunlight and ambient lighting. For added impact, the light sensor adjusts the display's brightness during cloudy days and at nighttime to optimize power consumption and ensure an ideal viewing experience. The Mimo Outdoor High Bright Displays are the perfect digital signage for amusement parks, sports arenas, quick service restaurant orders, outdoor kiosks, gas stations, and many more commercial applications.
