## 7" USB or USB, HDMI Capacitive Touch Display

This 7-inch USB or USB, HDMI capacitive touch screen monitor is fully compatible with VESA 75 mounts and was meticulously engineered in conjunction with leading transportation-focused electronics manufacturers to function as a device suitable for almost any working environment.

### Features:

- Utilizes DisplayLink™ for power and video over single USB connection. No separate power supply needed
- HDMI optional (UM-760CH-SMK)
- Fully enclosed metal backing specifically designed for VESA 75 mounts for secure and reliable mounting
- Rear-facing speakers utilizing audio transfer over USB
- Adjustable backlight via USB-connected interface
- Multi-point capacitive touch screen
- Surface treatment: Hard coating (3H), anti-glare
- Fully compatible with Windows, Linux, and Mac OS

### Applications:

- Transportation operational data display
- POP/POS
- Secondary screen for productivity
- Gaming and entertainment
- Light industrial shop-floor automatic operation
- Digital signage
- Video conferencing
