

## Mimo Magic Touch

UM-1050

*The Mimo Magic Touch is a perfect solution for touchscreen control panels*

### 10.1" USB Multi-Point Capacitive Touch Display

Mimo Monitors once again delivers an industry-first with the release of the Magic Touch 10" secondary monitor with the amazing responsiveness of capacitive touch! Capacitive sensing technology has revolutionized the smart phone and tablet market, now it is available as an interface for your computer, far surpassing the responsiveness and overall user experience of traditional resistive touchscreens.

The Mimo Magic Touch is a perfect solution for touchscreen control panels in such applications as corporate videoconferencing, data entry/capture, smart home entertainment systems, and industrial/manufacturing controls. It is also ideal for a range of other touchscreen applications in healthcare, hospitality, retail, education, sound/video editing, and many other industries.

#### Features:

- Multi-touch capacitive touchscreen
- Fully compatible with Windows 7, Linux & MAC OS X
- Display-only mode compatible with Win XP/Vista/2000
- Sturdy, adjustable dock/base
- Screen can also be removed and used independently, as a tethered tablet or mounted (VESA 75) screen
- USB cord included

#### Applications:

- Kiosk information system
- Gaming and amusement
- Light industrial shop-floor automation
- POP/POS

Magic Touch
