

## Mimo Magic Touch Deluxe HD UM-1070

*The Mimo Magic Touch Deluxe is a perfect solution for touchscreen control panels with a 2-port USB hub*

### 10.1" USB Multi-Point Capacitive Touch Display

The Mimo Magic Touch Deluxe HD is an upgraded version of the popular Magic Touch Deluxe, now with higher resolution of 1266x768. This increased resolution will work with the requirements of Windows 8, as well as anywhere higher resolution is desired. It is a perfect solution for touchscreen control panels in such applications as corporate videoconferencing, data entry/capture, smart home entertainment systems, and industrial/manufacturing controls. It is also ideal for a range of other touchscreen applications in health, hospitality, retail, education, sound/video editing, and many other industries.

#### Features:

- Capacitive touchscreen
- Dock/base also serves as a USB hub w/two convenient USB ports
- Fully compatible with Windows 7, Linux & MAC OS X
- Display-only mode compatible with Win XP/Vista/2000
- Sturdy, adjustable dock/base
- Screen can also be removed and used independently, as a tethered tablet or mounted (VESA 75) screen
- USB cord included
- AC adapter included, but optional, to power your additional USB devices or the display

#### Applications:

- Kiosk information system
- Gaming and amusement
- Light industrial shop-floor automation
- POP/POS

Magic Touch Deluxe HD
