Key Performance Specifications:

UV Stabilised

Square Mesh Design

Knotless Construction

Related Information:

Bulk and Wholesale inquiries are welcomed on this range of product.

Polyester has less stretch/elongation in comparison to Nylon, so will retain its shape (tautness) over time in tensioned applications where force will be applied.

Our Quatra branded 5mm (240ply) square Mesh Knotless Polyester net is a leading product for specification into tenders and construction designs throughout Australia and New Zealand.

As testament to its reliability and quality, Quatra Brand nets are the selected netting of over 30 installers and resellers throughout Australia and New Zealand.
