(not all mesh sizes available in all bundle sizes & colours. Please see website for current availability)

General Information:

Our 2mm (36 strand) High Density Polyethylene Knotted Netting is a professional Grade, UV stabilised, high strength netting suitable for permanent outdoor installations. The durable and robust manufacture ensures the netting is designed to last, even in trying environmental conditions.

This netting is simple and efficient to work with. Being a square mesh design, it can significantly reduce installation times and labor costs. This netting won't pull or stretch in either direction, which allows for precise installations.

Applications:

Sporting:

Residential, club and professional grade Cricket Netting
Residential and club grade Baseball/Softball Netting
Residential and club grade general ball barrier netting
Will stop most balls ranging from tennis Ball size to basketballs
Suits: (tennis / Cricket / Baseball / Soccer / basketball / Football etc.)

Other:

Safety applications
Waste Control netting
Barrier netting
General Purpose
