General Information:

Our 2.5mm (48Ply) High Density Polyethylene Knotted Netting is a professional Grade, UV stabilised, high strength netting suitable for permanent outdoor installations. The durable and robust manufacture ensures the netting is designed to last, even in trying environmental conditions.

This netting is simple and efficient to work with. Being a square mesh design, it can significantly reduce installation times and labor costs. This netting won't pull or stretch in either direction, which allows for precise installations.

Applications:

Sporting

- Residential, club and professional grade Cricket Netting
- Residential and club grade Baseball/Softball Netting
- Residential and club grade general ball barrier netting
- Will stop most balls ranging from tennis Ball size to basketballs
- Suits: (tennis / Cricket / Baseball / Soccer / basketball / Football etc)

Hay Feeder Net

- Slow Feeder Hay Netting

Other

- Safety Applications
- Waste Control Netting
- Barrier netting
- General Purpose
