

Product Specification / Data Sheet

Item: 12ply High Density Square Mesh Netting

Options Available:

Mesh Sizes: 60mm Square Mesh

Bundle Sizes:

10m x 15m
25m x 25m
50m x 25m

Colours: Black

General Information:

Our 1.3mm (12ply) High Density Polyethylene Knotted Netting is a professional Grade, UV stabilised, high strength netting suitable for permanent outdoor installations. The durable and robust manufacture ensures the netting is designed to last, even in trying environmental conditions.

This netting is simple and efficient to work with. Being a square mesh design, it can significantly reduce installation times and labor costs. This netting won't pull or stretch in either direction, which allows for precise installations.

This netting has been specifically designed for covering aquaculture ponds. The principal function of this netting is to stop the larger birds entering the pond space. The smaller birds 'can' still enter, however they are generally of no concern to the fish.

Applications:

Pond and dam covering net
Pond and Pool Cover netting
Duck exclusion net
Boat Cover Netting
Warehouse / Factory Bird Control
Commercial Bird Netting Application
Domestic Sheds and Verandah bird control netting

Other:

Safety applications
Waste Control netting
Barrier netting
General Purpose

Technical Specifications:

Manufacture: 400Denier / 12ply High Density Polyethylene
Twine Thickness: 1.3mm
