

From our Formulary

## Exfoliating Body Scrub

**All Natural, Instant Emulsification.** This simple scrub formulation is filled with light feeling emollient oils that can easily be substituted with other oils based on preference. The Exfoliating Body Scrub is a thick gel texture with a subtle exfoliant of your choice, but we prefer cranberry seed or crushed walnut shells. Use this scrub in the bath or shower, and as a body or facial scrub – it is gentle and light enough to use anywhere on the body!

### Formula

	Percent	Grams	Ounces	Ingredient
<b>Phase A</b>	1.0	1.0	0.04	<b>SurfPro Surfactin</b>
	20.0	20.0	0.71	<b>Glycerin</b>
<b>Phase B</b>	33.5	33.5	1.36	<b>Abyssinian Oil</b>
	20.0	20.0	0.71	<b>Jojoba Oil</b>
	20.0	20.0	0.71	<b>Marula Oil</b>
	0.50	0.5	0.02	<b>Vitamin E Tocopherols, 95%</b>
<b>Phase C</b>	5.0	5.0	0.18	Exfoliant (Crushed Walnut, <b>Cranberry Seed, Dermabrasion Crystals</b> )

1. Slowly add SurfPro Surfactin to glycerin with high speed agitation (i.e. mini-mixer) until uniformly incorporated.
2. In a separate container, gently heat Phase B to about 40-45°C (104-113°F) until all ingredients are melted and mix until uniform. Cool to ambient temperature.
3. **VERY SLOWLY** add Phase B ingredients to Phase A with high speed mixing until smooth and uniform. **Oil phase must be added slowly; if oils start to pool, stop addition and mix until incorporated.** Increase mixing speed as viscosity increases and using sweeping motion when necessary. It should form a highly viscous, clear amber colored gel.
4. Add Phase C after the clear, amber gel has formed and mix until uniformly dispersed.

Makes 100g (3.43 oz) of product.

INCI: Sodium Surfactin, Glycerin, Crambe Abyssinica Seed Oil, Simmondsia (Jojoba) Seed Oil, Sclerocarya Birrea (Marula) Oil, Tocopherol, Exfoliant.
