

From our Formulary **Natural Lip Balm**

Making your own lip balm has never been easier! Our naturally-derived ingredients glide on smooth to soften and moisturize dry lips without leaving them feeling sticky. With only three ingredients, our recipe is inexpensive, and easy to customize using different flavors, adding pigments or by substituting waxes (see **Notes** below).

The recipe below is for stick application, to make softer balm for square pots just decrease the wax to 5% and increase the Lip Balm & Ointment Base to 94%.

Formula

	Percent	Grams	Ounces	Ingredient
Phase A	7.5	7.5	0.265	Candelilla Wax
	91.5	91.5	3.23	Lip Balm & Ointment Base
	1.0	1.0	0.035	Flavorant

1. Add all Phase A ingredients to a small mixing container (preferably with a spout) and heat mixture to between 80-90°C to fully melt all ingredients. Stir gently to incorporate all the ingredients.

2. Remove the mixture from heat and allow to cool to below 60°C or become cool enough to pour into lip balm tubes without heat-warping. Pour into containers using spout or disposable pipet; mixture cools quickly and can be reheated for pouring. Allow balm to cure for a minimum of 48 hours before use.

Makes approximately 100 grams or 3.67 ounces of lip balm.

Notes:

Carnuba Wax or Beeswax can be substituted for Candelilla Wax to create a firmer or softer consistency, respectively. Mixtures of Candelilla, Carnuba and/or Beeswax can also be used with varying consistency of final product.

The recommended addition of flavorants is 0.5-2%. Be sure to reduce the amount of lip balm when increasing the concentration of flavorants, and not the amount of wax as flavorants will soften the consistency of the final product. Reducing the total wax content of this recipe may create a product unusable in stick applications.

INCI: Ricinus Communis (Castor) Seed Oil, Prunus Amygdalus Dulcis (Sweet Almond) Oil, Beeswax, Caprylic/Capric Triglycerides, Hydrogenated Castor Oil, Lanolin, Copernical Cerifera (Carnauba) Wax, Sannabis Sativa (Hemp) Seed Oil, Vitamin E, Candelilla Wax, Flavorant.
