

# **Section 1: Company and Product Identification**

Product Name: Lotioncrafter CCT 60/40 MB

INCI Name: Caprylic/Capric Triglyceride

Material Uses: Active ingredient in cosmetic and personal care applications.

Restrictions on Use: Repackaged for cosmetic use only

Company: Lotioncrafter LLC

48 Hope Ln

Eastsound, WA 98245 PH: 1-360-376-8008

Emergency Response: In USA, Canada and North America, 24 hour / 7 day emergency information for

our product is provided by the CHEMTREC Emergency Call Center based in the

USA.

USA, Canada, Puerto Rico, Virgin Islands CALL +1 800-424-9300 In case of difficulties or for ships at sea CALL +1 703-527-3887 In Europe, Middle East, Africa, Asia Pacific, South America CALL +1 703-527-

**Section 2: Hazards Identification** 

1

BLANI

DI ANIE

**Hazard Pictograms:** 

Signal Word: Not Applicable

**Hazard Classification:** This substance does not meet the criteria for a dangerous or hazardous

substance.

Hazard Category: Non-classified

**Hazard Statements:** Not Applicable

**Precautionary Statements:** Prevention:

Avoid breathing dust/fume/gas/mist/vapors/spray.

Wash skin thoroughly after handling.

Use only outdoors or in a well-ventilated area.

Wear protective gloves/eye protection/face protection.

**Response:** 

IF ON SKIN: Wash with plenty of soap and water. IF INHALED: Remove person to fresh air and keep comfortable for breathing. Call a

POISON CENTER/doctor if you feel unwell.

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a POISON CENTER/doctor. If skin irritation occurs: Get medical advice/attention. Take off contaminated clothing and wash before reuse.

IF INGESTED: Seek medical attention.

Other Hazards: None

# **Section 3:** Composition / Information on Ingredients

Name	Hazard Category	CAS#	Weight %
Caprylic/Capric Triglyceride	Not classified	73398-61-5	100

**Additional Information:** For full text of H-statements and R-phrases: see SECTION 16

#### **Section 4: First Aid Measures**

Notable Exposure symptoms: Not expected to be a skin or eye irritant (based on available data). Non-toxic by

oral ingestion (based on nature of material). No other adverse clinical effects are known to be associated with exposure to this material. No immediate medical

treatment normally needed.

If ingested: Consult a physician.

If inhaled: Consult a physician if irritation of respiratory passages occur. If overexposure or

difficulty in breathing occurs, remove victim to fresh air. Restore breathing if

necessary. Seek medical attention.

Eye contact: Hold eyelids open and flush eyes for at least 15 minutes with large quantities of

water. Seek medical attention immediately.

Skin contact: Remove contaminated clothing. Wash affected area with soap and plenty of water.

Consult a physician if irritation develops.

#### **Section 5: Fire Fighting Measures**

General Info: Flash Point: > 175°C (> 300°F). Firefighters: Body covering protective clothing,

full "turn-out" gear. Self-contained breathing apparatus. Do not discharge

extinguishing waters into streams, rivers, and lakes.

**Extinguishing Method /** 

Equipment: Large Fires: Alcohol-type foam or universal-type foams.

Small Fires: CO2. Dry Chemical. Water Spray.

Unsuitable: Water jet

**Hazardous Decomposition Info:** There are no known unusual fire and explosion hazards.

#### Section 6: Accidental Release Measures

Personal precautions, protective

equipment and procedures: Wear suitable protective equipment.

Environmental Precautions: Prevent from entering sewer system, surface water, or soil.

**Containment Equipment and** 

Cleanup Procedures: Absorb on inert material such as sand, earth, and vermiculite. Collect for disposal.

Non-Emergency Personnel: No action shall be taken involving any personal risk or without suitable training.

Evacuate surrounding areas. Keep unnecessary and unprotected personnel from entering. Do not touch or walk through spilled material. Shut off all ignition sources. No flares, smoking or flames in hazard area. Avoid breathing vapor or mist. Provide adequate ventilation. Wear appropriate respirator when ventilation

is inadequate. Wear appropriate personal protective equipment.

#### **Section 7: Handling and Storage**

Safe Handling Precautions: Normal precautions should be followed in handling and use.

Recommendations for Storage: Store away from heat, sources of ignition, and incompatibles. Store in original

container. Store in a cool, dry place.

**Specific End Use(s):** Active ingredient in cosmetic and personal care applications.

#### **Section 8: Exposure Control / Personal Protection**

Control Parameters: No additional information available.

**General / Engineering** 

Controls: General mechanical room ventilation is satisfactory for normal handling and

storage operations.

**Eye/face protection:** Safety glasses with side splash protection recommended. An eye wash facility

should be available in the work area.

Hand Protection: Chemical resistant protective gloves.

Body Protection: Chemical protective clothing.

**Respiratory Protection:** May be needed if producted is used in a confined or poorly ventilated area.

**Thermal Hazards:** None required under normal conditions of use.

**Other:** Observe good chemical hygiene practices, washing exposed areas of the skin

several times daily. Launder contaminated clothing before re-use.

### **Section 9: Physical and Chemical Properties**

**Physical State:** Liquid **Appearance:** Clear

Color: Colorless to pale yellow

**Odor:** Characteristic

Odor Threshold: No data available

pH: No data available

Melting Point: No data available Freezing Point: No data available

**Boiling Point:**  $> 100^{\circ}$ C

Flash Point (COC): > 175°C (> 300°F) Auto-ignition Temperature: No data available Decomposition Temperature: No data available

Evaporation Rate: No data available

**Vapor Pressure:** < 1

Explosive Limits: Not applicable Vapor Density: No data available Specific Gravity: No data available

Water Solubility: Insoluble

Viscosity (cP): Not determined

**Explosion Properties:** None **Oxidizing Properties:** None

Partition coefficient: Not available

Other information: None available

#### **Section 10: Stability and Reactivity**

**Reactivity:** Not reactive under normal conditions of use.

Chemical Stability: No known hazardous reactions.

Possibility of Hazardous

Reactions: Will not occur.

**Conditions to Avoid:** None known.

**Incompatible Materials:** None known.

**Hazardous Decomposition** 

**Products:** Oxides of carbon. Oxides of silicon. Carbon monoxide is highly toxic if inhaled;

carbon dioxide in sufficient concentrations can act as an asphyxiant. Acute overexposure to the products of combution may result in irritation of the

respiratory tract.

#### **Section 11: Toxicological Information**

Acute Toxicity (Oral): No evidence of harmful effects from available information.

Irritation (Skin): No evidence of harmful effects from available information.

Irritation (Eyes): Acute effects: Causes slight irritation.

Inhalation: Acute effects: Short-term health effects are not expected from vapor generated in

ambient temperature.

**Medical Conditions Aggravated** 

by Overexposure: A knowledge of the available toxicology information and of the physical and

chemical properties of the material suggests that overexposure is unlikely to

aggravate existing medical conditions.

Other Effects of Overexposure: No adverse effects anticipated from available information

### **Section 12: Ecological Information**

All available ecological data have been taken into account for the development of the hazard and precautionary information contained in this Safety Data Sheet.

### **Section 13: Disposal Information**

General: Avoid discharge to sewers and natural waters. Incinerate in a furnace where

permitted under appropriate Federal, State, and local regulations.

Non-Cleaned Packages: Empty containers should be decontaminated, cleaned and must be treated as

waste.

### **Section 14: Transport Information**

	US DOT	EU Land Transport (ADR/RID/AND)	Sea Transport (IMDG)	Air Transport (ICAO/IATA)

### **Section 15: Regulatory Information**

CMR: Lotioncrafter CCT 60/40 MB does not contain any intentionally added components classified as carcinogenic, mutagenic or toxic for reproduction (CMR) as defined in Directive 1272/2008. None of these substances are expected to form during manufacture and are not expected to be present in the material, except as uknown impurities at trace levels.

SVHC: Lotioncrafter CCT 60/40 MB does not contain any intentionally added components identified on the Substance of Very High Concern list under REACH. The product may contain trace quantities of SVHC, such as Lead, as impurities.

(EC) No 1223/2009: The components of Lotioncrafter CCT 60/40 MB are compliant with the European Cosmetic Directive ((EC) No 1223/2009).

California Prop 65: Lotioncrafter CCT 60/40 MB does not contain any added components known to cause cancer or reproductive toxicity as defined in California Proposition 65. Lotioncrafter CCT 60/40 MB may contain trace quantities of Proposition 65 substances, such as Lead, as impurities. It is the responsibility of the end user to determine if its finished products require labeling under California Proposition 65.

#### **Section 16: Other Information**

**Indication of Changes:** Version 1.0 created August 30, 2023
