

Section 1: Company and Product Identification Product Name: Lotioncrafter IPM MB **INCI Name:** Isopropyl Myristate Material Uses: Active ingredient in cosmetic and personal care applications. Restrictions on Use: Repackaged for cosmetic use only Company: Lotioncrafter LLC 48 Hope Ln Eastsound, WA 98245 PH: 1-360-376-8008 Emergency Response: In USA, Canada and North America, 24 hour / 7 day emergency information for our product is provided by the CHEMTREC Emergency Call Center based in the USA. USA, Canada, Puerto Rico, Virgin Islands CALL +1 800-424-9300 In case of difficulties or for ships at sea CALL +1 703-527-3887 In Europe, Middle East, Africa, Asia Pacific, South America CALL +1 703-527-3887

Section 2: Hazards Identification BLANK BLANK BLANK BLANK BLANK

Hazard Pictograms:					
Signal Word:	Not Applicable				
Hazard Classification:	This substance does not meet the criteria for a dangerous or hazardous substance.				
Hazard Category:	Non-classified				
Hazard Statements:	Not Applicable				
Precautionary Statements:	 Prevention: Avoid breathing dust/fume/gas/mist/vapors/spray. Wash skin thoroughly after handling. Use only outdoors or in a well-ventilated area. Wear protective gloves/eye protection/face protection. Response: IF ON SKIN: Wash with plenty of soap and water. IF INHALED: Remove person to fresh air and keep comfortable for breathing. Call a POISON CENTER/doctor if you feel unwell. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing, Immediately call a POISON CENTER/doctor. If skin irritation occurs: Get medical advice/attention. Take off contaminated clothing and wash before reuse. IF INGESTED: Seek medical attention. 				
Normal precautions commo storage.	on to safe manufacturing practice should be followed in handling and				

Section 3: Composition / Information on Ingredients

Name	Hazard Category	CAS#	Weight %
Isopropyl Myristate	Not classified	110-27-0	100%

Additional Information: For full text of H-statements and R-phrases: see SECTION 16

Section 4: First Aid Measures

Notable Exposure Symptoms: None known. If overexposure or difficulty in breathing occurs, remove victim to fresh air. Restore breathing if necessary. Seek medical attention.

If Ingested: Consult a physician.

If Inhaled: Consult a physician if irritation of respiratory passages occur.

- **Eye Contact:** Hold eyelids open and flush eyes for at least 15 minutes with large quantities of water. Seek medical attention immediately.
- Skin Contact: Remove contaminated clothing. Wash affected area with soap and plenty of water. Consult a physician if irritation persists.

Section 5: Fire Fighting Measures

General Info: Flash Point: >175 °C (>300 °F). No flammable limits available.

Extinguishing Method /

Equipment: Carbon dioxide (CO2), dry chemical, foam, halon, water spray (fog). Firefighters should wear self-contained breathing apparatus (SCBA) and full protective equipment. Do not use direct or heavy water stream to fight fire as it may splash burning liquid.

Hazardous Decomposition Info: There are no known unusual fire and explosion hazards.

Section 6: Accidental Release Measures

Personal precautions, protective

equipment and procedures: No action shall be taken involving any perosnal risk or without suitable training. Evacuate surrounding areas. Keep unneessary and unprotected personnel from entering. Do not touch or walk through spilled material. Eliminate all ignition sources. Avoid breathing vapor or mist. Provde adequate ventilation. Wear appropriate respirator when ventilation is inadequate. Wear appropriate personal protective equipment (PPE).

Environmental Precautions: Prevent form entering sewer system, surface water, or soil.

Containment Equipment and

Procedures: Non-hazardous, but avoid direct releases to the environment.

Cleanup Procedures: Large spills: Dike to contain spill. Pump excess material into suitable container (metal drums, metal tank, or such). Small spills: Absorb on inert material such as sand, earth, and vermiculite.

Section 7: Handling and Storage

Safe Handling Precautions: Normal precautions should be followed in handling and use.

Recommendations for Storage: Store away from heat, sources of ignition, and incompatibles. Store in original container. Store in a cool, dry place.

Specific End Use(s): Active ingredient in cosmetic and personal care applications.

Section 8: Exposure Control / Personal Protection

Control Parameters: No additional information available.

General / Engineering

Controls: General mechanical ventilation is acceptable

Eye/face protection: Safety glasses with side-shields for splash protection. An emergency eye-wash station should be available in the workplace.

Hand Protection: Chemical resistant protective gloves.

Body Protection: Chemical protective clothing.

Respiratory Protection: Respirator may be needed if product is used in a confined or poorly ventilated area.

Thermal Hazards: None required under normal conditions of use

Other: Observe good chemical hygiene practices, washing exposed areas of the skin several times daily. Launder contaminated clothing before re-use.

Section 9: Physical and Chemical Properties

Physical State: Liquid Appearance: Clear Color: Colorless **Odor:** Characteristic Odor Threshold: No data available **pH:** Not applicable Melting Point: No data available Freezing Point: Not determined **Boiling Point:** $> 100 \degree C$ Flash Point (COC): > 175 °C (> 300 °F) Auto-ignition Temperature: Not available Decomposition Temperature: Not available Evaporation Rate: No data available Vapor Pressure: No data available Explosive Limits: Not available Specific Gravity: 0.846 - 0.854 Water Solubility: Insoluble Viscosity (cP): Not determined **Oxidizing Properties:** None Partition coefficient: Not available Other information: None available

Section 10: Stability and Reactivity

Reactivity: Not reactive under normal conditions of use.

Chemical Stability: Stable under normal conditions of use.

Possibility of Hazardous

Reactions: None known.

Conditions to Avoid: None known.

Incompatible Materials: None known.

Hazardous Decomposition

Products: Oxides of carbon. Oxides of silicone. Carbon monoxide is highly toxic if inhaled; carbon dioxide in sufficient concentrations can act as an asphyxiant. Acute overexposure to the products of combustion may result in irritation of the respiratory tract.

Section 11: Toxicological Information

Ingestion (Acute): No evidence of harmful effects from available information.

Skin Absorbtion (Acute): No evidence of harmful effects from available information.

Inhalation (Acute): Short-term harmful health effects are not expected from vapor generated in ambient temperatures.

Eye Contact (Acute): Causes slight irritation.

Medical Conditions Aggravated

by Overexposure: A knowledge of the available toxicology information and of the physical and chemical properties of the material suggests that overexposure is unlikely to aggravate existing medical conditions.

Other Effects of Overexposure: No adverse effects anticipated from available information.

Section 12: Ecological Information

All available ecological data have been taken into account for the development and precautionary information contained in this Safety Data Sheet.

Section 13: Disposal Information

General: Avoid discharge to sewers and natural waters. Incinerate in a furnace where permitted under appropriate Federal, State and local regulations.

Non-Cleaned Packages: Empty drumps should be decontaminated and either passed to an approved drum reconditioned or destoryed. Containers that cannot be cleaned must be treated as waste.

Section 14: Transport Information

	US DOT	EU Land Transport (ADR/RID/AND)	Sea Transport (IMDG)	Air Transport (ICAO/IATA)
UN Number:	Not regulated	Not regulated	Not regulated	Not regulated

Special Precautions for User:	None	None	None	None
Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code:	Not applicable	Not applicable	Not applicable	Not applicable

Section 15: Regulatory Information

Lotioncrafter IPM MB does not contain any intentionally added components classified as carcinogenic, mutagenic or toxic for reproduction (CMR) as defined in Directive 1272/2008. None of these substances are expected to form during manufacture, and are not expected to be present in Lotioncrafter IPM MB, except as unknown impurities at trace levels.

Lotioncrafter IPM MB does not contain any intentionally added components identified on the Substance of Very High Concern list under REACH. Lotioncrafter IPM MB may contain trace quantities of SVHC, such as Lead, as impurities.

The components of Lotioncrafter IPM MB are compliant with the European Cosmetics Directive (EC) No 1223/2009.

California Prop 65: Lotioncrafter IPM MB does not contain any added components known to cause cancer or reproductive toxicity as defined in California Proposition 65. Lotioncrafter IPM MB may contain trace quantities of Proposition 65 substances, such as Lead, as impurities. It is the responsibility of the end user to determine if its finished product requires labeling under California Proposition 65.

Section 16: Other Information

Indication of Changes: Version 1.0 created February 1, 2022
