

Safety Data Sheet

Lotioncrafter Serum SE

Complies with 29 CFR 1910.1200

Section 1: Company and Product Identification

Product Name: Lotioncrafter Serum SE

INCI Name: Dimethicone (and) Cyclopentasiloxane (and) Dimethicone/Vinyl Dimethicone Crosspolymer (and) Dimethicone/PEG-10/15 Dimethicone Crosspolymer

Material Uses: Active ingredient in cosmetic and personal care applications.

Restrictions on Use: Repackaged for cosmetic use only

Company: Lotioncrafter LLC
48 Hope Ln
Eastsound, WA 98245
PH: 1-360-376-8008

Emergency Response: In USA, Canada and North America, 24 hour / 7 day emergency information for our product is provided by the CHEMTREC Emergency Call Center based in the USA.

USA, Canada, Puerto Rico, Virgin Islands CALL +1 800-424-9300
In case of difficulties or for ships at sea CALL +1 703-527-3887
In Europe, Middle East, Africa, Asia Pacific, South America CALL +1 703-527-3887

Section 2: Hazards Identification

BLANK BLANK BLANK BLANK

Hazard Pictograms:

Signal Word: Warning

Hazard Classification: Flammable Liquids - Category 4

Hazard Statements: H227 - Combustible liquid

Precautionary Statements: P280 - Wear protective gloves. Wear eye or face protection.
P210 - Keep away from flames and hot surfaces - No smoking.
P403 - Store in a well-ventilated place.
P235 - Keep cool.
P501 - Dispose of contents and container in accordance with all local, regional, national and international regulations.

Other Hazards: Contains material which may cause damage to the following organs: lungs.

Section 3: Composition / Information on Ingredients

Substance/Mixture: Mixture

Additional Information: There are no ingredients present which, within the current knowledge of the supplier and in the concentrations applicable, are classified as hazardous to health or the environment and hence require reporting in this section.

Safety Data Sheet

Lotioncrafter Serum SE

Complies with 29 CFR 1910.1200

Section 4: First Aid Measures

General Info: Treat symptomatically. Contact poison treatment specialist immediately if large quantities have been inhaled or ingested. No action shall be taken involving any personal risk or without suitable training.

Notable Exposure symptoms: No known significant effects or critical hazards.

If ingested: Remove dentures if present. Wash out mouth with water. Stop if the exposed person feels sick as vomiting may be dangerous. Remove victim to fresh air and keep at rest in a position comfortable for breathing. Do not induce vomiting unless directed to do so by medical personnel. If vomiting occurs, the head should be kept low so that vomit does not enter the lungs. Get medical attention if adverse health effects persist or are severe. Never give anything by mouth to an unconscious person. If unconscious, place in recovery position and get medical attention immediately. Maintain an open airway. Loosen tight clothing such as a collar, tie, belt or waistband.

If inhaled: Remove victim to fresh air and keep at rest in a position comfortable for breathing. If not breathing, if breathing is irregular or if respiratory arrest occurs, provide artificial respiration or oxygen by trained personnel. It may be dangerous to the person providing aid to give mouth-to-mouth resuscitation. Get medical attention if adverse health effects persist or are severe. If unconscious, place in a recovery position and get medical attention immediately. Maintain an open airway. Loosen tight clothing such as a collar, tie, belt or waistband.

Eye contact: Immediately flush eyes with plenty of water, occasionally lifting the upper and lower eyelids. Check for and remove any contact lenses. Continue to rinse for at least 10 minutes. Get medical attention if irritation occurs.

Skin contact: Wash contaminated skin with soap and water. Remove contaminated clothing and shoes. Get medical attention if symptoms occur. Wash clothing before reuse. Clean shoes thoroughly before reuse.

Section 5: Fire Fighting Measures

General Info: Flash Point: 125 °C (257 °F). Combustible liquid. In a fire or if heated, a pressure increase will occur and the container may burst, with the risk of a subsequent explosion. Runoff to sewer may create fire or explosion hazard. Use water spray to keep fire-exposed containers cool.

Extinguishing Method /

Equipment: Carbon dioxide (CO₂), dry chemical, foam, halon, water spray (fog). Firefighters should wear self-contained breathing apparatus (SCBA) and full protective equipment. Do not use direct or heavy water stream to fight fire as it may splash burning liquid.

Hazardous Decomposition Info: Carbon dioxide, carbon monoxide, metal oxide/oxides.

Safety Data Sheet

Lotioncrafter Serum SE

Complies with 29 CFR 1910.1200

Section 6: Accidental Release Measures

Personal precautions, protective

equipment and procedures: Non-emergency personnel: No action shall be taken involving any personal risk or without suitable training. Evacuate surrounding areas. Keep unnecessary and unprotected personnel from entering. Do not touch or walk through spilled material. Shut off all ignition sources. No flares, smoking or flames in hazard area. Provide adequate ventilation. Wear appropriate respirator when ventilation is inadequate. Put on appropriate personal protective equipment.

Emergency Responders: If specialized clothing is required to deal with the spillage, take note of any information in Section 8 on suitable and unsuitable materials.

Environmental Precautions: Avoid dispersal of spilled material and runoff and contact with soil, waterways, drains and sewers. Inform the relevant authorities if the product has caused environmental pollution (sewers, waterways, soil or air).

Containment Equipment and

Cleanup Procedures: Small Spill: Move containers from spill area. Use spark-proof tools and explosion-proof equipment. Vacuum or sweep up material and place in a designated, labeled waste container. Dispose of via a licensed waste disposal contractor.

Section 7: Handling and Storage

Safe Handling Precautions: Wear appropriate personal protective equipment. Do not ingest. Avoid contact with eyes, skin and clothing. Use only with adequate ventilation. Wear appropriate respirator when ventilation is inadequate. Do not enter storage areas and confined spaces unless adequately ventilated. Keep in the original container or an approved alternative made from a compatible material, kept tightly closed when not in use. Store and use away from heat, sparks, open flame or any other ignition source. Use only non-sparking tools. Empty containers retain product residue and can be hazardous. Do not reuse container. Practice good general occupational hygiene.

Recommendations for Storage: Store in accordance with local regulations. Store in a segregated and approved area. Store in original container protected from direct sunlight and in a dry, cool and well-ventilated area, away from incompatible materials (see Section 10). And food and drink. Eliminate all ignition sources. Separate from oxidizing materials. Keep container tightly closed and sealed until ready for use. Containers that have been opened must be carefully resealed and kept upright to prevent leakage. Do not store in unlabeled containers. Use appropriate containment to avoid environmental contamination.

Specific End Use(s): Active ingredient in cosmetic and personal care applications.

Safety Data Sheet

Lotioncrafter Serum SE

Complies with 29 CFR 1910.1200

Section 8: Exposure Control / Personal Protection

Control Parameters: No additional information available.

General / Engineering

Controls: Use only with adequate ventilation. If user operations generate dust, fumes, gas vapor or mist, use process enclosures, local exhaust ventilation or other engineering controls to keep worker exposure to airborne contaminants below any recommended or statutory limits. The engineering controls also need to keep gas, vapor or dust concentrations below any lower explosive limits. Use explosion-proof ventilation equipment.

Eye/face protection: Chemical goggles with side splash protection recommended. An eye wash facility should be available in the work area.

Hand Protection: Chemical-resistant, impervious gloves complying with an approved standard should be worn at all times when handling chemical products if a risk assessment indicates this is necessary.

Body Protection: Personal protective equipment for the body should be selected based on the task being performed and the risks involved and should be approved by a specialist before handling this product.

Respiratory Protection: Based on the hazard and potential for exposure, select a respirator that meets the appropriate standard or certification. Respirators must be used according to a respiratory protection program to ensure proper fitting, training and other aspects of use.

Thermal Hazards: None required under normal conditions of use.

Other: Observe good chemical hygiene practices, washing exposed areas of the skin several times daily. Launder contaminated clothing before re-use.

Environmental Exposure

Controls: Emissions from ventilation or work process equipment should be checked to ensure they comply with the requirements of environmental protection legislation. In some cases, fume scrubbers, filters or engineering modifications to the process equipment will be necessary to reduce emissions to acceptable levels.

Safety Data Sheet

Lotioncrafter Serum SE

Complies with 29 CFR 1910.1200

Section 9: Physical and Chemical Properties

Physical State: Liquid

Appearance: Gel-like

Color: Hazy white

Odor: Characteristic

Odor Threshold: No data available

pH: No data available

Melting Point: Not determined

Freezing Point: Not determined

Boiling Point: Not determined

Flash Point: 125 °C (257 °F)

Auto-ignition Temperature: Not available

Decomposition Temperature: Not available

Evaporation Rate: Not applicable

Vapor Pressure: Not determined

Explosive Limits: Not applicable

Vapor Density: Not determined

Specific Gravity: No data available

Water Solubility: No data available

Viscosity (cP): Not determined

Explosion Properties: None

Oxidizing Properties: None

Partition coefficient: Not available

Other information: None available

Safety Data Sheet

Lotioncrafter Serum SE

Complies with 29 CFR 1910.1200

Section 10: Stability and Reactivity

Reactivity: No specific test data related to reactivity available for this product or its ingredients.

Chemical Stability: This product is stable.

Possibility of Hazardous

Reactions: Under normal conditions of storage and use, hazardous reactions will not occur.

Conditions to Avoid: Avoid all possible sources of ignition (spark or flame).

Incompatible Materials: Reactive or incompatible with oxidizing materials.

Hazardous Decomposition

Products: Under normal conditions of storage and use, hazardous decomposition products should not be produced.

Section 11: Toxicological Information

Acute Toxicity: Not available.

Irritation: Not available.

Corrosivity: Not available.

Sensitization: Not available.

Repeated Dose Toxicity: Not available.

Carcinogenicity: Not classified or listed by IARC, NTP, OSHA, EU and ACGIH.

Mutagenicity: Not available.

Toxicity for reproduction: Not available.

Section 12: Ecological Information

Toxicity: No ecotoxicity data available.

Aquatic Toxicity: No data available.

Persistence and Degradability: No data available.

Bioaccumulative Potential: Not available.

Mobility in Soil: No data available.

Results of PBT and vPvB

Assessment: No data available.

Other Adverse Effects: None known

Safety Data Sheet

Lotioncrafter Serum SE

Complies with 29 CFR 1910.1200

Section 13: Disposal Information

Product disposal: Dispose of product in accordance with local, regional, and national regulations.

Container disposal: Dispose of container in accordance with licensed collector's sorting instructions.

Other considerations: No further information.

Section 14: Transport Information

General Information: Non-bulk packages (less than or equal to 119 gal) of combustible liquids are not regulated as hazardous materials. Limited quantity: Yes.

Passenger Aircraft Quantity Limitation: 60 L

Cargo Aircraft Quantity Limitation: 220 L

Special Provisions: IB3, T4, TP1

| | US DOT | EU Land Transport (ADR/RID/AND) | Sea Transport (IMDG) | Air Transport (ICAO/IATA) |
