unique bond

MYWORLD

Year 12 is the most formative year in our kid's lives.

The friendships and bonds made are like no other they'll encounter later in life.

The Alumni Graduation Ring by My World Jewellery marks the moment with a signature piece that bands them together forever.

how to order

MYWORLD

order & delivery

We collaborate with most schools through a parent committee. The school either allocates funds for our services and gives the ring as a gift, or it's offered to parents as an optional purchase. In either case, My World Jewellery can manage the individual payments via a secure TryBooking link.

Sizing is done on campus. To streamline the process, we provide up to 10 ring sizers per school, allowing parents or year coordinators to record the student's ring size and preferred metal type during a lunch period or tutor group.

There are no minimum order quantities. Delivery to one designated address will take approximately 7-8 weeks once sizing is done and payment is made.

about us

My World Jewellery is an established jewellery brand specialising in personalised pieces that tell a story. Sydney based, we utilise jewellers locally and offshore.
