Year 12 Alumni  
Graduation Ring

# unique bond

Year 12 is the most formative year  
in our kid's lives.

The friendships and bonds made are like  
no other they'll encounter later in life.

The Alumni Graduation Ring by  
My World Jewellery marks the moment  
with a signature piece that bands them  
together forever.

## Year 12 Alumni Graduation Ring

# order & delivery

We collaborate with most schools through a parent committee. The school either allocates funds for our services and gives the ring as a gift, or it's offered to parents as an optional purchase.

In either case, My World Jewellery can manage the individual payments via a secure TryBooking link. Sizing is done on campus. To streamline the process, we provide up to 10 ring sizers per school, allowing parents or year coordinators to record the student's ring size and preferred metal type during a lunch period or tutor group.

There are no minimum order quantities. Delivery to one designated address will take approximately 7-8 weeks once sizing is done and payment is made.
