Leading the way in organic baby and kids skincare, GAIA is the multi-award winning brand from Australia. Parents worldwide rave about the efficacy of this leading premium organic baby skincare. Formulated specially for a child's delicate skin, it uses natural, plant-based, certified organic ingredients that are particularly soothing for sensitive and eczema-prone skin.

Create a better bath and skincare routine with GAIA's luxurious collection of everything you need for soft, smooth and healthy skin. Our brands include GAIA Natural Baby, GAIA Skin+Body, especially for women, and GAIA Made for Men.

Map My Gene offers gene testings for Inborn Talents and Traits and Hereditary Diseases. Early identification of a child's inborn talents will help parents to take control and to maximize the development of their child. Gene testing of hereditary diseases enables individuals to identify their risk of diseases early and take the right steps to protect their health.
