

Our BC1 is a rugged, weight-integrated, back inflation BC designed with the advanced military/public safety diver in mind. It crosses over nicely to many technical, and specialty applications. Despite its heavy duty construction, it provides amazing comfort, fit and stability.

Features

- Modular: Removable back pad & air cell replacement possible
- Donut shape so that air can migrate side to side
- Heavy duty non-swivel shoulder buckles (patented)
- Integrated weight system SureLock™
- GripLock™ cylinder band
- Carrying handle with rubber grip
- Powerline inflator
- Four dump valves, one on each corner
- Rapid exhaust valve at the top of inflator
- Available in high viz yellow for maximum visibility
